The Ultimate Astrology Package! 2 books in 1! Have you ever wondered if you could find a way to better understand a person, their desires or the compatibility that you two share? People are naturally different, but groups of people can be similarly linked and share like-minded thoughts or ideals. Astrology is the studying and understanding of these things and it can help you better learn what type of people you are dealing with in your day to day life, whether it be at work, at home or in a relationship. These books will take you through the basics and the more advanced concepts based around the twelve Zodiac symbols and their significance in each person's being so you can better communicate with and know them. These two books are everything you're looking for, whether you are deeply invested in the field of Astrology or merely seeking to sate your curiosity in a fun yet rich way. In These Books You Will Find: \* An in depth look at each of the twelve Zodiac symbols, and their significance in your life. \* A detailed guide seeking to better your ability to interact, understand and appreciate the world and its people around you. \* A comparison and look at the complex dynamics between each of the twelve symbols and their relationships with each other. \* Learn how to interact with positive astrological sign combinations for maximum enrichment and productivity between them and how to handle ones that are in natural conflict. \* Gain insight into whether you have found a life long partner, or just a short term fling. \* Understand the signs that highlight your strengths and minimize your weaknesses and how to bring them to you.

It is said that everything is written even before the birth of the child. His destiny is written and we are but a puppet in hands of God. God has made this universe indeed and set rules that we may not know fully because God alone is the all knowing. He in all probability has millions of rules and laws such as law of gravitation, vastu, fengshui, Chinese astrology, vedic astrology, numerology, dowsing and not denying some sciences that we developed like Chemistry, Physics. God has set a path to run this world and these hidden knowledge were discovered only when God allowed. This book teaches basics of understanding one of many rules and laws which we term as Vedic Astrology.

With The Ultimate Guide to Astrology, leading astrologer and Instagram star Tanaaz Chubb (@foreverconscious) presents a modern and accessible approach to astrology with an emphasis on the signs and the planets.

Vedic Astrology is a complex subject and one needs to consider various aspects to conclude on a native's horoscope. This book is an attempt to offer the basic steps in a simplified manner to analyze the horoscope at an elementary level. It is important to understand the mythological stories for each planet, to understand the effects it has on a chart. Therefore, you will find that this book is a mix of mythology, and process towards analyzing a chart. The key takeaway of Vedic Astrology is to understand oneself and one's life path, one's strengths and weaknesses, opportunities and pitfalls and the reasons why one's life path unfolds in a certain manner.

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

If You Want to Calculate Your Life Path And Know What Numbers Know That You Don't, Then Keep Reading... Do you sometimes question if you are on the right path or if you are wasting your time on something you are not supposed to do? Do you repeatedly see numbers all around you? I'm not talking about telephone numbers, area codes or price tags, but patterns that are not 'normal'? 11:11, 333, 666? Do you ever recognize certain character traits among people that are born in the same month? What if all the 'coincidences' in your life mean much more than you think on first sight? There is a 4000-year-old science based on the mathematics of the universe called numerology. Instead of 1+1, you can reveal the message behind everything that is happening in your life right now. And even more. Once you discover how to decode numbers and understand how astronomical phenomena impact a person's personality, you can not only predict, but also change your future for the better. Imagine you had the ability to decide your child's destiny? The day and month someone is born shapes who they are today and who they are going to become. There is no such thing as coincidence.

People fear numbers and astrology because it's easier to blindly follow their fellows. Most of us live in a fake bubble of who we are and what we are doing on this planet. Looking deeper into numbers and the position of celestial objects requires strength and willpower. From now on, you can take charge of your destiny. Always remember, the universe has your back and you will receive the same energy back that you send out. In Numerology and Astrology for Beginners, you'll discover: How the flap of a butterfly's wings in Mexico cause a giant change in your life The man's name that 666 stands for and if you should be worried (Find the answer on page 12) Why you are missing out on an exciting adventure if you are not paying attention to this one number in your life (hint: between 0-10) Why 911 is the universal help hotline if you want a change in life Which numbers can help to heal physical and mental diseases How to become pregnant at the right time to ensure your child has a healthy and prosperous future The 12 zodiac signs, their meanings, and assets to achieve your goals Cheat sheet for a stronger and more passionate relationship Why some people feel like they are born in the wrong family and why they are right How to choose your friends and partners wisely and prevent yourself from energy draining relationships How and which numbers predicted the success of Apple, BMW, Microsoft and Co. (page 41) And much more. If this is your first contact with astrology and numerology, you might be skeptical if this unknown science is trustworthy. We have all heard the sentence 'Only an idiot would believe that the month you are born could have effect on your personality.' But what if I tell you that science has proven: you are more likely to be diagnosed with schizophrenia if you are born in February suicide is strongest in people born in between April and June you could be suffering from dyslexia if you are a summer baby If you still think it's all hocus-pocus, then you must be a Gemini (they tend to be over skeptical).

This offering is designed for people with little or no knowledge of astrology, who would like to be able to understand and interpret their own birth charts, and perhaps those of their loved ones. It is a simple but complete guide to basic chart interpretation, including Sun, Moon, planets, Chiron and the four major asteroids. The approach is holistic, with an emphasis on harmonics. The technical aspects of chart creation and analysis are avoided. If you decide to study the subject in depth, you will most likely want to learn chart calculation and other tools of astrological application which are not covered here. This is a beginning place, and if studied and applied will provide a good grasp of your chart and a foundation for deeper study. A comprehensive guide to understanding and practicing Vedic astrology, the art of jyotish. • Teaches beginners how to read and interpret Vedic astrology charts, based on their own birth chart as well as the birth charts of 112 notable people. • Shows how to use Vedic astrology to anticipate upcoming events and direct the cosmic energies of one's life toward a positive future outcome. For over 5,000 years the people of India have used jyotish, or Vedic astrology, to anticipate future influences and make major decisions. Now Andrew Bloomfield brings this increasingly popular tool to the West in an easy-to-follow, comprehensive format, providing the reader with everything needed to practice the Indian art of predicting the future. Vedic astrology was codified by the ancient Maharishis to help people achieve the four basic goals of human existence: kama (desire), artha (wealth), dharma (life purpose), and moksha (spiritual growth). Unlike other forms of astrology, Vedic calculations focus more on the primal, unconscious, driving forces linking our thoughts and actions. How to Practice Vedic Astrology shows how to make accurate predictions on when to expect life's changes concerning one's career, love life, children, or spirituality.

If You Feel Like You've Been Stuck in the Same Mundane, Unproductive, or Self-Destructive Patterns Year After Year, Then Keep Reading! Have you always wondered why your life feels like it's in a constant loop? Do you wish something would impact your life and change it for the better? Are you looking for ways to change things up so you can finally take control of your destiny? If you said YES to any of the questions above, you may benefit from using the power of Vedic Astrology to decipher your next steps. Vedic astrology, also known as Jyotish in India, can be a powerful treasure trove of insights and revelations about what's in store in your daily life. It is the belief that everything that you do in life is

influenced by the positions of the stars and planets on the day you were born. Vedic astrology asserts that you are born in alignment with karmic justice and judgment. In that exact moment, your karma is written out into the stars. This belief has driven people to look to the skies for thousands in order to decipher their karmic workings and understand why their lives work the way that they do. But how to unlock this complex tool? In "Vedic Astrology: A Beginner's Guide to the Fundamentals of Jyotish and Hindu Astrology" by the go-to resource for all things related to spiritual growth, Discover Press, you will unearth all the secrets of the stars and planets and figure out what they have in store for you.

A fun and sassy no-nonsense invitation to the practice of astrology with easy-to-understand tools for self-development and conscious living Astrology books are typically either overly simplistic sun-sign books or overly complicated chart calculations filled with astro jargon. Astrology for Real Life goes beyond simple sun-sign interpretation and at the same time cuts through the complications of horoscope analysis to make understanding your chart in depth, simple and easy. The goal is to make astrology accessible to total newbies and provide a working reference guide for intermediates. The book is presented in workbook format exploring each part of chart interpretation—signs, planets, houses, aspects—with exercises following each chapter and fill-in-the-blank lessons that take the reader through all the just-learned steps. The tone is warm, fun, and personal, and the exercises give the reader experiential hands-on practice. The end result: once you learn the basics in Astrology for Real Life, you can easily navigate the cosmos by making them work for you. It's kind of like a roadmap where we begin by understanding the terrain and the tools available. From there, the planets will guide you in making brave, excellent choices in love, work, and life. It's profound, fun, and practical. You'll learn how to interpret your chart with confidence and use astrology in a practical, proactive way, with no astro excuses (blaming the stars for your issues).

If you have ever pondered the mystery of Astral Projection, Astrology & Out-of-Body-Experiences & wondered if they are real then continue reading... The study of Astrology goes back thousands of years. Our ancient ancestors looked to the sky for many of their answers. Throughout most of its history, astrology was considered a scholarly tradition and was common in academic circles, often in close relation with astronomy, alchemy, meteorology, and medicine. Taking a look at the science, the facts and the speculation behind both the near-death experience and the concept of Astral Projection, this book will provide you with a solid introduction to the experience of traveling beyond your own physical reality. The book also covers the basic principles behind Astral Projection including everything you need to know to begin exploring the phenomenon for yourself. Using tried and tested methods, the book looks at how to prepare yourself to project beyond your own physical body, what to expect when you do and how take the first steps in order to achieve your first out-of-body experience. The keys to understanding astrology is by their groupings into elements, qualities, ruling planets and more. This book contains information on each of the traditional Western signs of the Zodiac. In a full new examination of the traditional Zodiac, this book looks at the popular interpretations of the signs and symbols it contains. In this book, you will discover the realities and benefits of Astral Travel along with a look at the dangers involved (and also how to deal with them). The information in the book is presented in a simple, easy to understand format and the exercises included in the book are designed to be easy for the beginner to both understand and put into practice. Inside the Book you'll also get: Zodiac Controversies Astrology In The Eyes Of Our Ancestors Astrological Charts And Their Significance Explanation Of Each Of The 12 Western Zodiac Signs Love And Relationship Profiles Of Each Zodiac Sign Personality And Compatibility Profiles Of Each Zodiac Sign Ideal Careers For the 12 Zodiac Signs Explore the symbolism, both ancient and modern The Facts, the Fiction and the Science behind Astral Travel The Basic "Rules" and Techniques of Astral Projection The Realities and Benefits of Astral Projection The Dangers of Astral Projection - And How to Protect Yourself And much, much more... The book also places them in context with their ancient meanings. While some astrological signs are easy to interpret, others have deeper meanings and associations now overlooked in the modern world. It's a journey through the fascinating human traits that the Zodiac provides a reference for and, like all exciting journeys, may contain a few surprises. Also containing an introduction examining why the sky (and what was

going on up there) was so important to our ancestors, this book takes a deeper look at how the influence of the stars can fashion those of us who live our lives in their shadows. What are you waiting for? Click "Add to Cart" to receive your copy now.

Examines the ancient art of astrology, providing insight into suns, planets, houses, and aspects, and describes how to accurately read an astrological chart. A down-to-earth guide about the message of the stars. For astrology to be useful there's no need to have a crystal ball, incense, meditation, or faith. Learn the practical language of astrology in this clear, easy-to-understand exploration that goes way beyond daily horoscopes and zodiac. With it, the reader will be able to calculate and read their own and others' birth charts; tell signs and planets from houses; create daily, weekly, monthly, and yearly planners- even make predictions for the future. With a glossary and further resources, this guide explores: ? Why horoscopes and descriptions of "sun signs" are usually wrong. ? Why many astrologers use the "wrong" zodiac. ? The several different houses system. ? All the planetary aspects that go beyond the sun and moon. ? The many cycles that determine an astrological forecast.

This book is a discussion of how the signs of the zodiac influence our health. It covers the five elements and how they balance, how sun signs relate to the elements, the parts of the body and diseases associated with each sun sign, visualisations and exercises to help with healing, herbal medicine, and medical astrology in action.

The earliest civilizations frequently applied astrology to make predictions about everything from weather to war.
