Intellectual property strategies to power your bottom line In the innovation economy, intellectual property is among the most valuable assets a business can have. IP strategy isn't just incidental to success, it's a key driver—research shows that IP-intensive small- and medium-sized enterprises are 60% more likely to achieve high growth. Myra Tawfik and Karima Bawa, two noted experts in the field of IP law and strategy, want to help you achieve greater success through the strategic deployment of your business's IP. More than just patents, IP encompasses confidential information and trade secrets, industrial design, copyright, and trademarks. Understanding the unique IP portfolio of your business and how to leverage it for maximum benefit can pay huge dividends. A strong IP strategy can allow you to command higher prices for your goods and services, increase your market share, generate new revenue streams, improve brand recognition, attract new investment, and lower your costs. You can also avert threats from your competitors by using your IP both offensively and defensively to protect your market and drive up your competitors' costs. Perfect for entrepreneurs, innovators, inventors, expert advisors and investors, this primer will sharpen your knowledge and help you make informed decisions about IP strategy to drive your business forward.

Corporate strategy should be based on the ongoing analyses of the internal and external situation facing an organization. A SWOT analysis is a commonly used assessment tool that can inform strategic

decisions. This case uses the situation at BlackBerry Limited (formerly known as RIM) to highlight how to perform a comprehensive SWOT analysis and use the results to make strategic decisions to keep abreast of changing industry factors. Several questions are addressed in the case: What is required to conduct a productive SWOT? How can SWOT data be used to direct strategy? These questions are answered in the context of BlackBerrys experience, as BlackBerry employee, Jamal Obu, compiles a SWOT and analyzes it to guide strategic planning and help the company regain its market share.
