Art Blakey and the Jazz Messengers was one of the most enduring, popular, reliable and vital small bands in modern jazz history. Blakey was not only a distinguished, inventive and powerful drummer, but along with Duke Ellington and Miles Davis, he was one of jazz's foremost talent scouts. The musicians who flowed seamlessly in and out of this constantly evolving collective during its 36-year run were among the most important artists not just of their eras, but of

any era. Though their respective innovations were vital to the evolution of bebop, hard bop and neo bop, the recorded work of the Messengers sidemen has never been properly analyzed. Until now. *Hard Bop Academy: The Sidemen of Art Blakey's Jazz Messengers* critically examines the multitude of gifted artists who populated the many editions of the Jazz Messengers. In addition to dissecting the sidemen's most consequential work with Blakey's band, jazz musician and acclaimed novelist Alan Goldsher offers up engaging profiles of everyone from Wynton Marsalis to Terence Blanchard to Hank Mobley to Wayne Shorter to Horace Silver to Keith Jarrett to Curtis Fuller to Steve Davis. And that's only the beginning. Goldsher conducted over 30 interviews with surviving graduates of Blakey's Hard Bop Academy, many of whom spoke at length of their tenure with the legendary "Buhaina" for the first time. Alan Goldsher is a bassist who has recorded with Janet Jackson, Digable Planets, Cypress Hill and Naughty By Nature. His writing has been published in *Bass Player*, *Tower Pulse*, *Sport* and *BasketBull: Chicago Bulls Magazine*. Goldsher's debut novel, *Jam*, was published in 2002 by Permanent Press. He lives in Chicago. Hardcover.

This book is a multifaceted approach to understanding the central developments in African American history since 1939. It combines a historical overview of key personalities and movements with essays by leading scholars on specific facets of the African American experience, a chronology of events, and a guide to further study. Marian Anderson's famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice. Beginning with this event, the editors chart the historical efforts of African Americans to address racism and inequality. They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods; consider how changes in immigration patterns have complicated the conventional "black/white" dichotomy in U.S. society; discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass; and address the complexity of the contemporary African American experience. Contributors consider specific issues in African American life, including the effects of the postindustrial economy and the influence of music, military service, sports, literature, culture, business, and the politics of self-designation, e.g., "Colored" vs. "Negro," "Black" vs. "African American". While emphasizing political and social developments, this volume

also illuminates important economic, military, and cultural themes. An invaluable resource, *The Columbia Guide to African American History Since 1939* provides a thorough understanding of a crucial historical period.

Beginning in the late '60s, hundreds of thousands of Westerners descended upon India, disciples of a cultural revolution that proclaimed that the magic and mystery missing from their lives was to be found in the East. An Indian writer who has also lived in England and the United States, Gita Mehta was ideally placed to observe the spectacle of European and American "pilgrims" interacting with their hosts. When she finally recorded her razor sharp observations in *Karma Cola*, the book became an instant classic for describing, in merciless detail, what happens when the traditions of an ancient and longlived society are turned into commodities and sold to those who don't understand them. In the dazzling prose that has become her trademark, Mehta skewers the entire Spectrum of seekers: The Beatles, homeless students, Hollywood rich kids in detox, British guilt-trippers, and more. In doing so, she also reveals the devastating byproducts that the Westerners brought to the villages of rural India -- high anxiety and drug addiction among them. Brilliantly irreverent, *Karma Cola* displays Gita Mehta's gift for weaving old and new, common and bizarre, history and current events into a seamless and colorful narrative that is at once witty, shocking, and poignant.

To a great many listeners--from African American aficionados of the period to a whole new group of fans today--this is the very embodiment of jazz. It is also quintessential hard bop.
