This book contains a clear explanation of marking and grading, authentic sample answers, a comprehensive section of keys and recording scripts, and frameworks to help with thorough preparation for the Speaking test. Audio CDs containing the exam Listening material, a Student's Book without answers, and a Self-study Pack containing the Student's Book with answers and Audio CDs are available separately.

Asymptotics and Special Functions provides a comprehensive introduction to two important topics in classical analysis: asymptotics and special functions. The integrals of a real variable and contour integrals are discussed, along with the Liouville-Green approximation and connection formulas for solutions of differential equations. Differential equations with regular singularities are also considered, with emphasis on hypergeometric and Legendre functions. Comprised of 14 chapters, this volume begins with an introduction to the basic concepts and definitions of asymptotic analysis and special functions, followed by a discussion on asymptotic theories of definite integrals containing a parameter. Contour integrals as well as integrals of a real variable are described. Subsequent chapters deal with the analytic theory of ordinary differential equations; differential equations with regular and irregular singularities; sums and sequences; and connection

formulas for solutions of differential equations. The book concludes with an evaluation of methods used in estimating (as opposed to bounding) errors in asymptotic approximations and expansions. This monograph is intended for graduate mathematicians, physicists, and engineers.

Cambridge English Key for Schools 2 contains four complete and authentic examination papers for Cambridge English: Key for Schools (KET for Schools). This collection of past examination papers is aimed at a young audience, and provides the most authentic exam preparation available. Set of four authentic PET for Schools examination papers from Cambridge ESOL.

These past examination papers for the PET for Schools exam, aimed at a younger audience, provide the most authentic exam preparation available. They allow candidates to familiarise themselves with the content and format of the examination and to practise useful examination techniques. A Student's Book with answers and a Self-study Pack are also available. Books are numbered to indicate how many are available. Numbers do not refer to levels.

How was the experience of watching a play influenced by practices beyond the walls of the playhouse, and what were the broader social and historical implications of the culture of playgoing? The book sets out to answer such questions. Interested first in what happened within the playhouse itself, the authors focus on the person of the actor, on stage props, visual pleasure and audience behaviour. At the same time, their discussion moves outward to consider a range of cultural assumptions and practices - such as eucharistic controversy, prostitution, social mobility, iconoclasm, Renaissance optics, the formation of national memory, and the dissemination of news. Since the two authors have very different perspectives on these issues, they have chosen a unique format: rather than submerging their opposition, they have highlighted it. Their attacks and counter-attacks, as they contest each other's views in paired chapters, result in a lively and illuminating debate.

Cambridge English Preliminary for Schools 2 contains four complete and authentic examination papers for Cambridge English: Preliminary for Schools (PET for Schools). Audio CDs containing the exam Listening material, a Student's Book with answers, and a Self-study Pack containing the Student's Book with answers and Audio CDs are available separately.

A new level for the Exams Result series with an Online Workbook.

Six full practice tests plus easy-to-follow expert guidance and exam tips designed to guarantee exam success. The 'without answers' edition is ideal for class use, providing an excellent opportunity for teachers and students to familiarise themselves with the Preliminary for Schools examination format. The first two tests include step-by-step advice on how to tackle each paper. Extra practice activities, informed by a bank of real Preliminary candidates' exam papers, focus on areas where students most typically need help.

In common with republicanism or socialism in continental Europe, Liberalism in nineteenth-century Britain was a mass movement. By focussing on the period between the 1860s and the 1880s, this book sets out to explain why and how that happened, and to examine the people who supported it, their beliefs, and the way in which the latter related to one another and to reality. Popular support for the Liberal party was not irrational in either its objectives or its motivations: on the contrary, its dissemination was due to the fact that the programme of reforms proposed by the party leaders offered convincing solutions to some of the problems perceived as being the most urgent at the time. This is a revealing, innovative synthesis of the history of popular support for the Liberal party, which emphasises the extent to which Liberalism stood in the common heritage of European and American democracy.

This book documents the agreed geological reference point for the Pleistocene boundary, and its worldwide correlation. This is the overprinted edition for teachers which features 10 complete Preliminary English Test (PET) practice tests with a full-colour speaking section.
