"Daemon in the Sanctuary" explores the uncanny contradiction between the phenomenological experience of home as a site of nurture and security and the empirical reality that people are far more likely to be hurt and even killed in their own homes by their intimates, rather than at the hands of strangers. Moving from the syrupy tributes of the god of love in Plato's "Symposium" to the subject of domestic violence appears to be a giant leap, but he

author shows that embroidered romantic ideas about love prepare the initiate poorly for the reality of intimate connection. Poets and philosophers who lead us to believe that love is heaven sent can leave us craving an extreme experience. We crave an earth-shaking, life-altering intrusion on our tranquility as evidence that love is real. Thus the naive initiate can easily mistake the flutter of the pulse, the quickening of the heart rate, the flush, the confused emotions, and the painful longing as signs of the god's gift. But these are also the signs of fear!

Wendy C. Hamblet, a philosopher in the phenomenological lineage, examines the truth value of phenomenological experience, through the lens of the problem of intimate violence. If Husserl is right and phenomenological method provides the ground of all empirical truth, then what is to be made of the fundamental contradiction between the lived experience of home as a site of nurture and security and of intimates as guardians and caretakers, and the empirical fact, evident in every human society, that people are far more likely to be harmed, and even killed, in their homes or in the homes of their intimates and at the hands of those charged with their care? Hamblet carefully choreographs a dance between the two opposing 'truths' to expose how the lived sense of home, colored by ideals, can tint people's expectations about intimate connection and cloud their ability to recognize the signs of intimate

abuse. This book illuminates the dangers and pitfalls of unhealthy intimacy and offers a regimen for loosening the grip of a sickened love's pathological hold.

In 2 February 1990, FW de Klerk made a speech that changed the history of South Africa. Nine days later, the world watched as Nelson Mandela walked free from the Viktor Verster prison. In the midst of these events was Lord Renwick, Margaret Thatcher's envoy to South Africa, who became a personal friend of Nelson Mandela, FW de Klerk and Chief Mangosuthu Buthelezi, acting as a trusted intermediary between them. He warned PW Botha against military attacks on neighbouring countries, in meetings he likens to 'calling on the führer in his bunker'. He invited Mandela to his first meal in a restaurant for twenty-seven years, rehearsing him for his meeting with Margaret Thatcher - and told Thatcher that she must not interrupt him. Their discussion went on so long that the British press in Downing Street started chanting 'Free Nelson Mandela'. In this extraordinary insider's account, Renwick draws on his diaries of the time, as well as previously unpublished material from the Foreign Office and Downing Street files. He paints a vivid, affectionate, real-life portrait of Mandela as a wily and resourceful political leader bent on out-manoeuvring both adversaries and some of his own colleagues in pursuit of a peaceful outcome.

In desperation, high school senior Tom Sinclair turns to the Internet for help in locating his missing and possibly kidnapped girlfriend, Alice Brown, when he publishes her diary online.

As Britain's first woman Prime Minister Margaret Thatcher brought about the biggest social and political revolution in the nation's post-war history. She achieved this largely by the driving force of her personality – a subject of endless speculation among both her friends and her foes. Jonathan Aitken has an insider's view of Margaret Thatcher's story. He is well qualified to explore her strong and sometimes difficult personality during half a century of political dramas. From first meeting her when she was a junior shadow minister in the mid 1960s, during her time as leader of the Opposition when he was a close family friend, and as a Member of Parliament throughout her years in power, Aitken had a ring side seat at many private and public spectacles in the Margaret Thatcher saga. From his unique vantage point, Aitken brings new light to many crucial episodes of Thatcherism. They include her ousting of Ted Heath, her battles with her Cabinet, the Falklands War, the Miners' Strike, her relationships with world leaders such as Ronald Reagan, Mikhail Gorbachev and King Fahd of

Saudi Arabia and the build up to the Shakespearian coup inside the Conservative Party which brought about her downfall. Drawing on his own diaries, and a wealth of extensive research including some ninety interviews which range from international statesmen like Mikhail Gorbachev, Henry Kissinger and Lord Carrington to many of her No.10 private secretaries and personal friends, Jonathan Aitken's Margaret Thatcher – Power and Personality breaks new ground as a fresh and fascinating portrait of the most influential political leader of post-war Britain.
