Popularity isn't everything it's cracked up to be. Justin Marshall knows this better than most. For the captain of the basketball team, small business owner, and son of Minnesota's next governor, life can get pretty overwhelming. But Justin can handle anything as long as he has Lucy, the girl who fell for the man he's trying to be. But for Justin and Lucy, finding time together proves challenging. Stolen kisses and whispered promises just aren't enough. That is, until scandalous photos of the couple are leaked to a press intent on creating a juicy scandal during Justin's dad's gubernatorial campaign. And when Lucy becomes fair play for the tabloids and gossip pages, Justin does the only thing he can to protect her: he breaks her heart.

Still mourning the loss of Lucas Nelson, the boy she loved in secret for years, seventeen-year-old Emmy Martin turns to her passion for mountain biking to try to fill the empty void in her life. But just when things start looking up, Emmy discovers her mom has been diagnosed with early-onset Alzheimer's. Confused and angry, she throws herself into mountain biking like never before. She wants to improve on the trails, get a sponsor, and finally beat her nemesis, Whitney. When Cole Evans, a boy from school who usually doesn't care about anything but himself, offers to train her for the biggest race of the season, she accepts, determined to beat Whitney. The more time she spends with Cole, the more she realizes he's different than she'd expected, and, to her surprise, she's falling for him. Torn between the deep feelings she still has for Lucas and her growing ones for Cole, she knows she must choose a path. As she drifts further away from her family and closer to her dream of being sponsored, a terrible accident threatens any semblance of peace and happiness she has left. Instead of closing herself off to the people she loves, Emmy must learn to rely on those she has pushed away if she's going to have any chance of picking up where she left off before the accident.

\*\*\* SPECIAL LAUNCH PRICE GOES AWAY MARCH 1ST \*\*\* If you're a Self-Taught Guitarist wanting to play songs without spending all your time practicing, this may be the most important book you ever read... But first a warning: this book is NOT for everyone... This isn't one of those "practice until your fingers bleed" or "cram confusing theory into your mind" type of guitar instruction books. There are plenty of those available (i.e. practice scales & exercises for hours per day and feel guilty if you don't). When I first decided to learn to play guitar, I read all the guitar books for beginners and focused on developing a lot of areas like scales, theory, and exercises that promised me one day I'd be able to play the songs I loved. The problem is, when you approach practice like that, you have a lot of "stuff" to practice, but you usually have no REAL MUSIC to show for it, ending up with what I call Mountain Climber Syndrome. You feel like eventually, your hard work is going to pay off, everything will come together, and you'll finally be able to play songs. Why not play songs right away instead? The simple, three-step system in this book requires a slight shift in the way you think about practicing, but leaves you with lots of songs, confidence, and a lifelong skill you can use any time you want to learn the songs you love ON DEMAND. With that said, let's jump right in... Practice Less, Play More! is about getting immediate results from your guitar. This means ONLY focusing on the things that help you play songs (both BEFORE practice & AFTER practice). The idea is to divide your guitar practice into 3 phases: The first phase focuses on priming your mind so you have the right mindsets & techniques to learn songs quickly and all of the right materials to get the most out of your practice sessions. The second phase focuses on practice technique, showing you exactly how to break a song down and quickly program each part into your fingers. Far too few guitar practice books explain this clearly! The final phase focuses on the best mindsets & techniques to use when you switch out of

Practice Mode and are actually playing songs, so you can play them as effortlessly as possible and have a blast doing it. It is called "Practice Less, Play More!", because you are constantly building momentum (and your song Playlist) without having to endure hours of mind-numbing practice. It is actually an easier, less-stressful approach to playing guitar. Not only that, this book shows you: How to get songs to performance-quality within days... You should practice guitar parts over & over until you master them, right? WRONG! (find out why in Chp 7) How to create a practice routine you enjoy and can actually stick to (even if you have a super busy schedule) When is the best time to practice for long-lasting results 5 ways to cut your practice time in half and virtually guarantee you make progress each time you pick up your guitar What to think about while you're playing songs (the answer may surprise you) How to reduce the amount of mistakes you make and exactly what to do when you make one (most Beginners are doing the opposite!) One practice method you should NEVER use if you want rapid results on guitar Say goodbye to guessing what to practice next and finally build a Playlist of songs you're proud to play on guitar! The book is an easy read and will feel like we're just chatting, as I tell you my best stories from on & off tour and show you my best strategies for learning songs. Unhappy Child, troubled adolescent, dissatisfied wife, a woman at odds with convention. This was Elizabeth Fry, known to her family and friends as Betsy. In 1816, at the age of 36, when she had been a minister of the Society of Friends for five years, Betsy walked alone into the hell of Newgate Gaol. The transformation she wrought among its wretched female inhabitants propelled her onto the stage of world history. In the following years she transformed her generation's perception of offenders, and helped create a professional prison service. She was also a catalyst in the long struggle that eventually saw women achieving recognition in the world beyond family and home.

Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

A bewitching memoir about the lures, torments, and rewards of making and performing music in the indie rock world Dean Wareham's seminal bands Galaxie 500 and Luna have long been adored by a devoted cult following and extolled by rock critics. Now he brings us the blunt, heartbreaking, and wickedly charismatic account of his personal journey through the music world-the artistry and the hustle, the effortless success and the high living, as well as the bitter pills and self-inflicted wounds. It captures, unsparingly, what has happened to the entire ecosystem of popular music over a time of radical change, when categories such as "indie" and "alternative" meant nothing to those creating the music, but everything to the major labels willing to pay for it. Black Postcards is a must-have for Wareham's many fans, anyone who has ever been in a band, or the listeners who have taken an interest in the indie rock scene over the last twenty years.

The mega-bestseller with more than 2 million readers, soon to be a major television series From the #1 New York Times-bestselling author of The Lincoln Highway and Rules of Civility, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

A national indie bestseller! Meet Anna K: every happy teenage girl is the same, while every unhappy teenage girl is miserable in her own special way... At seventeen, Anna K is at the top of Manhattan and Greenwich society (even if she prefers the company of her horses and dogs); she has the perfect (if perfectly boring) boyfriend, Alexander W.; and she has always made her Korean-American father proud (even if he can be a little controlling). Meanwhile, Anna's brother, Steven, and his girlfriend, Lolly, are trying to weather an sexting scandal; Lolly's little sister, Kimmie, is struggling to recalibrate to normal life after an injury derails her ice dancing career; and Steven's best friend, Dustin, is madly (and one-sidedly) in love with Kimmie. As her friends struggle with the pitfalls of ordinary teenage life, Anna always seems to be able to sail gracefully above it all. That is...until the night she meets Alexia "Count" Vronsky at Grand Central. A notorious playboy who has bounced around boarding schools and who lives for his own pleasure, Alexia is everything Anna is not. But he has never been in love until he meets Anna, and maybe she hasn't, either. As Alexia and Anna are pulled irresistibly together, she has to decide how much of her life she is willing to let go for the chance to be with him. And when a shocking revelation threatens to shatter their relationship, she is forced to question if she has ever known herself at all. Dazzlingly opulent and emotionally riveting, *Anna K: A Love Story* is a brilliant reimagining of Leo Tolstoy's timeless love story, *Anna Karenina*—but above all, it is a novel about the dizzying, glorious, heart-stopping experience of first love and first heartbreak.

In this witty and heartfelt debut love story for fans of Josie Silver's *One Day in December*, a woman stranded in Paris for the day discovers that the wrong road can sometimes lead us in the right direction. When Hannah and her boyfriend, Simon, set out to Amsterdam, they're confident that they'll make it to his sister's wedding in time. However, unbeknownst to them, their train is scheduled to divide in the middle of the night. And when it does, half of it continues the route to Amsterdam. And the other half—the one with Hannah in it—heads three hundred miles away, to Paris. Left without her belongings or hope of reuniting with Simon, Hannah has no choice but to spend the day in Paris before the next train out. Worse than being stranded in a foreign city alone? Being stuck with Léo, the handsome but infuriating Frenchman who blames Hannah for his own unwanted delay. The series of mishaps that sends them traipsing through the City of Light is only further proof that Hannah's day has gone from bad to worse. But as she takes in the glorious sights of the city—and spends more time with Léo—Hannah discovers that the unexpected detour might actually be leading her to the life she was always meant to live . . .

Hawthorn wasn't trying to insert herself into a missing person's investigation. Or maybe she was. But that's only because Lizzie Lovett's disappearance is the one fascinating mystery their sleepy town has ever had. Bad things don't happen to popular girls like Lizzie Lovett, and Hawthorn is convinced she'll turn up at any moment—which means the time for speculation is now. So Hawthorn comes up with her own theory for Lizzie's disappearance. A theory way too absurd to take seriously...at first. The more Hawthorn talks, the more she believes. And what better way to collect evidence than to immerse herself in Lizzie's life? Like getting a job at the diner where Lizzie worked and hanging

out with Lizzie's boyfriend. After all, it's not as if he killed her-or did he? Told with a unique voice that is both hilarious and heart-wrenching, Hawthorn's quest for proof may uncover the greatest truth is within herself.

A visionary work that combines speculative fiction with deep philosophical inquiry, *The Sparrow* tells the story of a charismatic Jesuit priest and linguist, Emilio Sandoz, who leads a scientific mission entrusted with a profound task: to make first contact with intelligent extraterrestrial life. The mission begins in faith, hope, and beauty, but a series of small misunderstandings brings it to a catastrophic end. Praise for *The Sparrow* “A startling, engrossing, and moral work of fiction.”—*The New York Times Book Review* “Important novels leave deep cracks in our beliefs, our prejudices, and our blinders. *The Sparrow* is one of them.”—*Entertainment Weekly* “Powerful . . . *The Sparrow* tackles a difficult subject with grace and intelligence.”—*San Francisco Chronicle* “Provocative, challenging . . . recalls both Arthur C. Clarke and H. G. Wells, with a dash of Ray Bradbury for good measure.”—*The Dallas Morning News* “[Mary Doria] Russell shows herself to be a skillful storyteller who subtly and expertly builds suspense.”—*USA Today*

For dinosaurs, it was a big rock. For humans: Coronal Mass Ejection (CME). When the Earth is hit by the greatest CME in recorded history (several times larger than the Carrington Event of 1859), the combined societies of the planet's most developed nations struggle to adapt to a life thrust back into the Dark Ages. In the United States, the military scrambles to speed the nation's recovery on multiple fronts including putting down riots, establishing relief camps, delivering medical aid, and bringing communication and travel back on line. Just as a real foothold is established in retaking the skies (utilizing existing commercial aircraft supplemented by military resources and ground control systems), a mysterious virus takes hold of the population, spreading globally over the very flight routes that the survivors fought so hard to rebuild. The communicability and mortality rates are devastating, leaving only small pockets of survivors scattered throughout the countryside. Commune: Book One is the story of one small group of survivors who must adapt to a primitive, hostile

world or die. As they learn the rules of this new era, they must decide how far they're willing to go to continue living, continually asking themselves the same question daily: is survival worth the loss of humanity?

From "the reliably hilarious" (Entertainment Weekly) author of *Love, Nina*: a brilliantly funny and heartbreaking story of growing up and finding the independence you might not actually want . . . Teenager Lizzie Vogel has a new job as a dental assistant. This is not as glamorous as it sounds. At least it means mostly getting away from her alcoholic, nymphomaniacal, novel-writing mother. But, if Lizzie thinks being independent means sex with her boyfriend (he prefers bird-watching), strict boundaries (her boss keeps using her loo) or self-respect (surely only actual athletes get fungal foot infections?) she's still got a lot more growing up to do. The winner of the 2019 Bollinger Everyman Wodehouse Prize for Comic Fiction, *Reasons to Be Cheerful* is a novel that lives up to its title, confirming Nina Stibbe's status as one of the most original and delightful writers at work today.

"The definitive firsthand account of California's Camp Fire—the nation's deadliest wildfire in a century—and a riveting examination of what went wrong and how to avert future tragedies as the climate crisis unfolds. On November 8, 2018, the people of Paradise, California, awoke to a mottled gray sky and gusty winds. Soon the Camp Fire was upon them, gobbling an acre a second. Less than two hours after the fire ignited, the town was engulfed in flames, the residents trapped in their homes and cars. By the next morning, eighty-five people were dead. San Francisco Chronicle reporter Lizzie Johnson was there as the town of Paradise burned. She saw the smoldering rubble of a historic covered bridge and the beloved Black Bear Diner and she stayed long afterward, visiting shelters, hotels, and makeshift camps. Drawing on years of on-the-ground reporting and reams of public records, including 911 calls and testimony from a grand jury investigation, Johnson provides a minute-by-minute account of the Camp Fire, following residents and first responders as they fight to save themselves and their town. We see a young mother fleeing with her newborn; a school bus full of children in search of an escape route; and a group of paramedics, patients, and nurses trapped in a cul-de-sac, fending off the fire with rakes and hoses. Johnson documents the unfolding tragedy with empathy and nuance. But she also investigates the root causes, from runaway climate change to a deeply flawed alert system to Pacific Gas and Electric's decades-long neglect of critical infrastructure. A cautionary tale for a new era of megafires, *Paradise* is the gripping story of a town wiped off the map and the determination of its people to rise again"--

'What an emotional read!... At parts I found myself shouting "no". At others I just cried... Absolutely loved it.' Goodreads reviewer ????? Shilling Grange Orphanage, England, 1948. She was their only hope. Now they are hers. A gritty, heartbreaking and unforgettable story of love and hope in the darkest of times. Clara Newton is the new Housemother of Shilling Grange Orphanage. Many of the children have been bombed out of their homes and left without families, their lives torn apart by the war, just like Clara's. Devastated by the loss of her fiancé, a brave American pilot, she is just looking for a place to start again. But the orphans are in desperate need of her help. Funds are short, children cry out in the night, and tearful Rita tells Clara terrible stories about the nuns who previously ran Shilling Grange. Clara cannot bear to see them suffer, but what does she know about how to look after eight little ones? Clara can't get anything right, and then she accidentally ruins Rita's only memento of her mother. Overwhelmed, she wonders if they'd be better off without her. But she's not completely alone. Living next door is Ivor: ex-Shilling Grange resident, war hero, and handyman with deep brown eyes. He doesn't trust Clara and she is fiercely independent, but he has a way with the children. And with his support and the help of other locals, Clara begins to find her way. As she heals from her grief and adjusts to her new life, Clara wonders if she has finally found her home and family among the orphans. Can she find the strength to fight for them when nobody else will? And dare she open her heart to love again? A heart-wrenching and totally gripping read. She's fit to be tied when her police-chief brother shuts her out of the investigation, so she opens her own. Then her long-dead best friend pops in and things really get complicated. When more folks start turning up dead in this small seaside town, Liz must use more than just her wits and charm to keep her family safe, chase down clues from the hereafter, and catch a psychopath before he catches her.
