

## Kaplan Mcat Biochemistry Review

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with MCAT Organic Chemistry Review. This book features thorough subject review, more questions than any competitor, and the highest-yield questions available. The commentary and instruction come directly from Kaplan MCAT experts and include targeted focus on the most-tested concepts. MCAT Organic Chemistry Review offers:

**UNPARALLELED MCAT KNOWLEDGE:** The Kaplan MCAT team has spent years studying every MCAT-related document available. In conjunction with our expert psychometricians, the Kaplan team is able to ensure the accuracy and realism of our practice materials.

**THOROUGH SUBJECT REVIEW:** Written by top-rated, award-winning Kaplan instructors, all material has been vetted by editors with advanced science degrees and by a medical doctor.

**EXPANDED CONTENT THROUGHOUT:** As the MCAT has continued to develop, this book has been updated continuously to match the AAMC's guidelines precisely—no more worrying if your prep is comprehensive!

**“STAR RATINGS” FOR EVERY SUBJECT:** New for the 3rd Edition of MCAT Organic Chemistry Review, every topic in every chapter is assigned a “star rating”—informed by Kaplan's

decades of MCAT experience and facts straight from the testmaker—of how important it will be to your score on the real exam. **MORE PRACTICE THAN THE COMPETITION:** With questions throughout the book and access to a full-length practice test online, MCAT Organic Chemistry Review has more practice than any other MCAT organic chemistry book on the market. **ONLINE COMPANION:** One practice test and additional online resources help augment content studying. The MCAT is a computer-based test, so practicing in the same format as Test Day is key. **TOP-QUALITY IMAGES:** With full-color, 3-D illustrations, charts, graphs and diagrams from the pages of Scientific American, MCAT Organic Chemistry Review turns even the most intangible, complex science into easy-to-visualize concepts. **KAPLAN'S MCAT REPUTATION:** Kaplan is a leader in the MCAT prep market, and twice as many doctors prepared for the MCAT with Kaplan than with any other course.\* **UTILITY:** Can be used alone or with the other companion books in Kaplan's MCAT Review series. \* Doctors refers to US MDs who were licensed between 2001-2010 and used a fee-based course to prepare for the MCAT. The AlphaDetail, Inc. online study for Kaplan was conducted between Nov. 10 - Dec. 9, 2010 among 763 US licensed MDs, of whom 462 took the MCAT and used a fee-based course to prepare for it. "In partnership with Scientific American"--Cover.

Kaplan's MCAT Biology Review 2018-2019 offers an expert study plan, detailed subject review, and hundreds of online and in-book practice questions – all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined. Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way – offering guidance on where to focus your efforts and how to organize your review. With the most recent changes to the MCAT, biology is one of the most high-yield areas for study. This book has been updated to match the AAMC's guidelines precisely—no more worrying if your MCAT review is comprehensive! The Most Practice More than 350 questions in the book and access to even more online – more practice than any other MCAT biology book on the market. The Best Practice Comprehensive biology subject review is written by top-rated, award-winning Kaplan instructors. Full-color, 3-D illustrations from Scientific American, charts, graphs and diagrams help turn even the most complex science into easy-to-visualize concepts. All material is vetted by editors with advanced science degrees and by a medical doctor. Online resources help you practice in the same computer-based format you'll see on Test Day. Expert Guidance High-yield badges throughout the book identify the top 100 topics most-tested by the AAMC. We know the test: The Kaplan MCAT

team has spent years studying every MCAT-related document available. Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test.

Kaplan's MCAT 528 Advanced Prep 2021–2022 features thorough subject review, more questions than any competitor, and the highest-yield questions available—all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined. Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way—offering guidance on where to focus your efforts, how to organize your review, and targeted focus on the most-tested concepts. This edition features commentary and instruction from Kaplan's MCAT experts and has been updated to match the AAMC's guidelines precisely—no more worrying if your MCAT review is comprehensive! The Most Practice More than 500 questions in the book and access to even more online—more practice than any other advanced MCAT book on the market. The Best Practice Comprehensive subject review is written by top-rated, award-winning Kaplan instructors. All material is vetted by editors with advanced science degrees and by a medical doctor. Online resources, including a full-length practice test, help you master the computer-based format you'll see on Test Day. Expert Guidance Star Ratings throughout the book

indicate how important each topic will be to your score on the real exam—informed by Kaplan's decades of MCAT experience and facts straight from the testmaker. We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available. Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test.

The 2nd edition of our comprehensive prep guide for the difficult and important MCAT (Medical College Admission Test), with in-depth content reviews, strategies for tackling the exam, and access to 4 full-length practice tests online.

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with Kaplan's MCAT General Chemistry Review. This book features thorough subject review, more questions than any competitor, and the highest-yield questions available. The commentary and instruction come directly from Kaplan MCAT experts and include targeted focus on the most-tested concepts plus more questions than any other guide. Kaplan's MCAT General Chemistry Review offers:

**UNPARALLELED MCAT KNOWLEDGE:** The Kaplan MCAT team has spent years studying every document related to the MCAT available. In conjunction with our expert psychometricians, the Kaplan team is able to ensure the accuracy and

realism of our practice materials. **THOROUGH SUBJECT REVIEW:** Written by top-rated, award-winning Kaplan instructors. The Test Prep Books MCAT practice test questions are each followed by detailed answer explanations. If you miss a question, it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Understanding the latest test-taking strategies is essential to preparing you for what you will expect on the exam. A test taker has to not only understand the material that is being covered on the test, but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors. Test Prep Books has drilled down the top test-taking tips for you to know. Anyone planning to take this exam

should take advantage of the MCAT study guide review material, practice test questions, and test-taking strategies contained in this Test Prep Books study guide.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Kaplan's MCAT General Chemistry Review

2020-2021 is updated to reflect the latest, most accurate, and most testable materials on the MCAT.

A new layout makes our book even more streamlined and intuitive for easier review. You'll get efficient strategies, detailed subject review, and hundreds of practice questions—all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined. Efficient Strategies and In-Depth Review High Yield badges indicate the most testable content based on AAMC materials

Concept summaries that boil down the need-to-know information in each chapter, including any necessary equations to memorize Chapter Profiles indicate the degree to which each chapter is tested and the testmaker content categories to which it aligns

Charts, graphs, diagrams, and full-color, 3-D illustrations from Scientific American help turn even the most complex science into easy-to-visualize concepts Realistic Practice One-year online access

to instructional videos, practice questions, and quizzes Hundreds of practice questions show you

how to apply concepts and equations 15 multiple-choice “Test Your Knowledge” questions at the end of each chapter Learning objectives and concept checks ensure you’re focusing on the most important information in each chapter Expert Guidance Sidebars illustrate connections between concepts and include references to more information, real-world tie ins, mnemonics, and MCAT-specific tips Comprehensive subject review written by top-rated, award-winning Kaplan instructors who guide you on where to focus your efforts and how to organize your review. All material is vetted by editors with advanced science degrees and by a medical doctor. We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available, and our experts ensure our practice questions and study materials are true to the test

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with Kaplan’s MCAT Biochemistry Review.
