Feast & Famine: Healing Addiction with Grace challenges the idea that our addiction epidemic is a substance or vice problem, but in reality, it is a chronic suffering problem. To perpetuate our constant pain, we choose our poison, such as alcohol, drugs, food, social media, to name a few. Feast & Famine is an addiction and recovery story. It examines both Bulimia and addiction, in general. The book has a strong focus on the silent epidemic of food addiction for women and self-persecution by spiritual seekers. As a gifted spiritual author, Robin's guide for this book is Sophia, the Divine Universal Mother. Sophia has shared that the only addiction on the planet is to suffering, and by following her Divine Healing path outlined in the book, one can move from addiction to recovery. By embracing our inherent Divine nature, we can forego suffering and live a life of recovery and service. Grace is available to each one of us, regardless of our past mistakes. Now is the time to step forward into a life of joy, peace, love, and abundance.

Outreach was designed to support incarnate Lightworkers to awaken to their multidimensional vastness, embody Divinity, and to lighten up planet Earth. On May 30, 1994 a dramatic shift occurred in the Divine Plan for planet Earth. The entire time frame for planetary ascension was accelerated. In June, 1994, many of you experienced the surfacing of intense survival fear and enemy patterning, old physical traumas briefly reappeared, time accelerated and you feel frustrated about completing projects. These energies were emerging out of your genetic encodements. If you know what is happening to you and know that it is part of a coherent process, then you feel less crazy. The purpose of "What is Lightbody?" is to allow you to find your place in that process. Every decision that each of us makes affects the ascension process. We are co-creative Masters, beings of Light, and we see you as Light Masters also.

Néanmoins, naître est un choix que nous avons fait et quand nous avançons spirituellement, on se rend compte que les épreuves sont là pour nous faire grandir. Oui ! malgré tous les obstacles que nous rencontrons, oui ! nous pouvons nous en sortir... A la seule condition, de le vouloir par soi-même et non à travers les autres. Ce livre, qui retrace la vie de l'auteure, est une ode à la liberté et à la prise de conscience spirituelle et humaine. L'auteure est une autodidacte qui s'est construite malgré les difficultés rencontrées. Elle est magnétiseuse, guérisseuse, voyante médium, enseignante en Reiki et Lahochi. Nous avons tous, en nous, un énorme potentiel : c'est celui de guérir l'âme !

Illness is caused by an imbalance in the body. Are you naturally inspired about your life? Do you consciously take care of your health and well-being? When you wake up in the morning, what are your first thoughts? How do you spend your days? If money, freedom and health were no object, how would you spend your days? Do you ever feel powerful and vital? What is a feeling of power and vitality like? What is a generic, mundane life like? Is that you? Are you a big consumer of pop culture entertainment and useless material goods like home décor? One thing is certain, your life is lived alone in your head therefore it's up to you. You create your own attitudes therefore your own biochemistry as I discuss elsewhere. Joy breeds the release of more neurotransmitters in your head that give you greater joy while depression depresses your biochemistry even more. The bottom line to a full, powerful life is to what extent are you naturally inspired?

The book contains 30 descriptive chapters dealing with a specific language contact situation.

The chapters follow a uniform organisation format, being the narrative version of a standard comprehensive questionnaire previously distributed to all authors. The questionnaire targets systematically the possibility of contact influence / grammatical borrowing in a full range of categories. The uniform structure facilitates a comparison among the chapters and the languages covered. The introduction describes the setup of the questionnaire and the methodology of the approach, along with a survey of the difficulties of sampling in contact linguistics. Two evaluative chapters, each authored by one of the co-editors, draws general conclusions from the volume as a whole (one in relation to borrowed grammatical categories and meaningful hierarchies, the other in relation to the distribution of Matter and Pattern replication).

"Come and teach with me where I AM," Yeshua beckoned Robin once again. She listened in awe as this highly-revered Ascended Master (most often referred to as Jesus) had returned with another request. Robin Clare had successfully completed Yeshua's request to write her first book, Messiah Within - A Guide to Embracing Your Inner Divinity. In this second request, He was asking Robin to expand beyond her role as spiritual author into the role of spiritual teacher. It was not enough to just talk the talk of Spirituality as an author. Yeshua was asking her to walk the walk of Spirituality as a teacher. To move from talking to walking required Robin to align her day-to-day life with her spiritual life. It was from this place of alignment that she unlocked the 18 Keys to living a life that is connected and guided by the Divine.

The New children come in all varieties, Indigo, Crystal, Octarines, Magenta, Star and there will be many more. energy literally causes them to 'bounce off the walls'. There is need to understand the way their energy moves and functions, so it may be used in a productive way. This is a worldwide phenomenon. 'New Children of Earth' reveals 22 'Creation Codes', rhythms of consciousness belonging to the New children, the way they move, function, maintain balance, accelerate their development and most important the way they bring knowledge into wisdom and love to humanity. This is break-through information on how children are born with an expanded spirit of wholeness for the creation of a new reality. This information helps parents and professionals deal with one of the most important issues of our times, our children and their multi-dimensional abilities. Presently, the two-dimensional way of teaching children is causing great confusion for them, resulting in ADHD and other psychological symptoms. Any interruption in the natural flow of information received, transmitted and translated causes the children to literally, 'climb the walls'. The souls coming to earth need us to help them activate these formless spiritual Cycles of Love to sustain their life's purpose. CODES The energy patterns of this new consciousness, provides us with codes, Creation Codes, birthed in the New children, in accordance with the love and harmony of Universal Law, expanding and in harmony with all galaxies. The coupling of polarity is bringing about a change in the way we engage with Universal Law. IMPULSE Together the codes are called, 'IMPULSE', which is the nature of this expanded system. The movements of each code weave the vibrations, pulses of sound and color as they flow in and out of the body.

Each code can be done separately, however, when the codes are connected, they form a tapestry with a specific order and sequence, like a Mandela. The codes open up the phenomenon of the New children, showing us how to understand and experience them, using their way of learning to carry them forward. The codes help us move our consciousness into the future and thereby apply to everyone. They are diagnostic and or treatment tools. The pulses emanate from the heart of One directly into the heart of all creating unity, harmony and inter-connectedness. The properties of each code are presented pictorially with 22 drawings, which are done, showing children gesturing, making the information more understandable. learning to love herself unconditionally. Through the metaphor of lungs as butterfly wings, readers journey from the dark isolation of the cocoon into the freedom and majestic nature of the butterfly. The Beauty of Wings reveals the unlimited potential of the human spirit and the capacity within the heart for healing, transformation, and unconditional love. “The Beauty of Wings is the story of an incredible journey of inner awakening, a story concerned with the task of learning to love oneself. This remarkable young woman has achieved what we would call “speaking oneself into being” through aligning her inner and outer speech with positive thinking and rising above any and all of life’s obstacles through determination. Her true story demonstrates the power of consistent positive thoughts to heal the body, heal the mind, and to positively change one’s life.” —Pia Smith Orleane & Cullen Baird Smith, authors of Conversations With Laarkmaa, Remembering Who We Are and The Return of the Feminine. “With great courage and honesty, Alexandra shares from the heart her story of struggle and pain, to surrender, healing and empowerment. From suffering to triumph, she speaks her truth and grows her wings to fly to new heights spreading the message of hope and beauty, as do the butterflies that have always been with her.” —Tara Cindy Sherman, ERYT-500
