

Life In A Jar The Irena Sendler Project

Here's a marvelous picture book, charmingly written and beautifully illustrated, about the power of memory and the magic of friendship. Llewellyn, a little rabbit, is a collector. He gathers things in jars--ordinary things like buttercups, feathers, and heart-shaped stones. Then he meets another rabbit, Evelyn, and together they begin to collect extraordinary things--like rainbows, the sound of the ocean, and the wind just before snow falls. And, best of all, when they hold the jars and peer inside, they remember all the wonderful things they've seen and done. But one day, Evelyn has sad news: Her family is moving away. How can the two friends continue their magical collection--and their special friendship--from afar?

Valentina's family has come from Russia with a wonderful dream --- to own a store. Valentina wants to help, but everyone says she's too little to contribute to the glass jar where the dream money is kept. The family becomes discouraged when little money comes in, but Valentina has discovered how she can help make their dream come true.

NOW A MAJOR MOTION PICTURE Starring Helen Mirren, Christopher Plummer, & James McAvoy In 1910, Count Leo Tolstoy, the most famous writer in the world, is caught in the struggle between his devoted wife and an equally devoted acolyte over the master's legacy. Sofya Andreyevna fears that she and the children she has borne Tolstoy will lose all to Vladimir Chertkov and the Tolstoyan movement, which preaches the ideals of poverty, chastity, and pacifism. As Tolstoy seeks peace in his final days, Valentin Bulgakov is hired to be his secretary and enlisted as a spy by both camps. But Valentin's loyalty is to the great man, who in turn recognizes in the young idealist his own youthful struggle with worldly passions. Deftly moving among a colorful cast of characters, drawing on the writings of the people on whom they are based, Jay Parini has created a stunning portrait of an enduring genius and a deeply affecting novel.

The Bottom of the Jar is the journey of a boy finding his footing in the heart of Fez during the 1950s, as Morocco began freeing itself from the grip of the French colonial occupation. The narrator vividly recalls his first encounters with the ebullient city, family dramas, and the joys and turbulence of his childhood. He recalls a renegade, hashish-loving uncle, who at nightfall transforms into a beloved Homer, his salt-of-the-earth mother's impassioned pleas to a Divine ear, and his father's enduring generosity. Told in the spirit of a late-night ramble among friends where hilarious anecdotes and poignant recollections flow in equal parts, Laâbi's autobiographical novel offers us a generous glimpse into the formative experiences of a great poet, whose integrity and commitment to social justice earned him an eight-and-a-half year prison sentence during Morocco's "year of lead" in The 1970s. From the Trade Paperback edition.

Middle school student Kevin is tired of being ignored and obsessed with winning the school science fair prize, so he creates a project with many, many jars of eyeballs, all bobbed up and down in green liquid--but what happens the night after he wins is completely unexpected.

Sometimes hope lives in the future; sometimes it comes from the past; and sometimes, when every stupid thing goes wrong, it comes from a prettily packaged jar filled with scented cream and promises. Beth Harbison has done it again. A hilarious and touching novel about friendship, Love's Baby Soft perfume, Watermelon Lip Smackers, bad run-ins with Sun-In, and the healing power of "Gee Your Hair Smells Terrific." Hope in a Jar: we all need it.

The "extraordinary and gripping account of Irena Sendler--the "female Oskar Schindler"--who took staggering risks to save 2,500 children from death and deportation in Nazi-occupied Poland during World War II"--Dust jacket.

A realistic and emotional look at a woman who falls into the grips of insanity written by the iconic American writer Sylvia Plath "It is this perfectly wrought prose and the freshness of Plath's voice in *The Bell Jar* that make this book enduring in its appeal." — USA Today *The Bell Jar* chronicles the crack-up of Esther Greenwood: brilliant, beautiful, enormously talented, and successful, but slowly going under—maybe for the last time. Sylvia Plath masterfully draws the reader into Esther's breakdown with such intensity that Esther's insanity becomes completely real and even rational, as probable and accessible an experience as going to the movies. Such deep penetration into the dark and harrowing corners of the psyche is an extraordinary accomplishment and has made *The Bell Jar* a haunting American classic. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

A story of fear and hope, loneliness and friendship -- full of the heart, engaging characters, and propulsive, page-turning mystery that made *The Goldfish Boy* so beloved.

Using toolboxes, ambulances, and other ingenious measures, Irena Sendler defied the Nazis and risked her own life by saving and then hiding Jewish children. Her secret list of the children's real identities was kept safe, buried in two jars under a tree in war-torn Warsaw. An inspiring story of courage and compassion, this biography includes a list of resources, source notes, and an index.

Amid the horrors of World War II, Irena Sendler was an unlikely and unsung hero. While many people lived in fear of the Nazis, Irena defied them, even though it could have meant her life. She kept records of the children she helped smuggle away from the Nazis' grasp, and when she feared her work might be discovered, she buried her lists in jars, hoping to someday recover them and reunite children with their parents. This gripping true story of a woman who took it upon herself to help save 2,500 children from the Warsaw Ghetto during the Holocaust is not only inspirational; it's unforgettable.

Voted the UK's Favourite Nature Book The memoir that inspired Chris Packham's BBC documentary, *Asperger's and Me* Every minute was magical, every single thing it did was fascinating and everything it didn't do was equally wondrous, and to be sat there, with a Kestrel, a real live Kestrel, my own real live Kestrel on my wrist! I felt like I'd climbed through a hole in heaven's fence. An introverted, unusual young boy, isolated by his obsessions and a loner at school, Chris Packham only felt at ease in the fields and woods around his suburban home. But when he stole a young Kestrel from its nest, he was about to embark on a friendship that would teach him what it meant to love, and that would change him forever. In his rich, lyrical and emotionally exposing memoir, Chris brings to life his childhood in the 70s, from his bedroom bursting with fox skulls, birds' eggs and sweaty jam jars, to his feral adventures. But pervading his story is the search for freedom, meaning and acceptance in a world that didn't understand him. Beautifully wrought, this coming-of-age memoir will be unlike any you've ever read.

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French *Elle*, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes.

Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life. In this "miraculous and thrilling" (Diane Setterfield, #1 New York Times bestselling author) mystery for fans of *The Essex Serpent* and *The Book of Speculation*, Victorian London comes to life as an intrepid female sleuth wades through a murky world of collectors and criminals to recover a remarkable child. Bridie Devine—flame-haired, pipe-smoking detective extraordinaire—is confronted with the most baffling puzzle yet: the kidnapping of Christabel Berwick, secret daughter of Sir Edmund Athelstan Berwick, and a peculiar child whose reputed supernatural powers have captured the unwanted attention of collectors in this age of discovery. Winding her way through the sooty streets of Victorian

London, Bridie won't rest until she finds the young girl, even if it means unearthing secrets about her past that she'd rather keep buried. Luckily, her search is aided by an enchanting cast of characters, including a seven-foot-tall housemaid; a melancholic, tattoo-covered ghost; and an avuncular apothecary. But secrets abound in this foggy underworld where nothing is quite what it seems. Blending darkness and light, *Things in Jars* is a stunning, "richly woven tapestry of fantasy, folklore, and history" (Booklist, starred review) that explores what it means to be human in inhumane times.

In her stunning debut, Nicola Monaghan lays bare the gritty underbelly of life in Nottingham, England. Very early on, Kerrie-Ann begins to dream of the world beyond the rough council estate where she lives. Her father is nowhere to be found, her mother is a junkie, and she is left to care for her little brother. Clever, brave, and frighteningly independent, Kerrie-Ann has an unbreakable will to survive. She befriends her eccentric, elderly neighbor, who teaches her about butterflies, the Amazon, and life outside of her tough neighborhood. But even as Kerrie-Ann dreams of a better life she becomes further entangled in the cycles of violence and drugs that rule the estate. Brilliant, brutal, and tender, *The Killing Jar* introduces a brave new voice in fiction. Nicola Monaghan's devastating prose tells an unforgettable story of violence, love, and hope.

This book provides readers with a factual study of the meaning of dyslexia. The author journeys through time back to the sixties and seventies at school life with corporal punishment. Stephen then balances the school systems of the sixties to the school life today, and compares just how much help is available today. The author uses examples of people who suffer from dyslexia, including his own experience. He then demonstrates how people can become successful despite their disability using celebrities as examples. Finally, the author looks at the prison system and how many prisoners are affected by dyslexia.

"King of the country, boss of the stix!" Hip Hop has long made braggadocio a work requirement, often for the same "show" factor that arrives when aspiring rappers rent jewelry and nice cars to wear and drive in their music videos. With Big Smo, everything about him as a superstar is authentic: from the farm in middle Tennessee he shot the majority of his music videos, television show, and continues to live and raise his three daughters on to the family Moonshine recipe and even the head of a live chicken he personally cut off to great controversy in his now legendary Kickin' It in Tennessee video. By far the biggest star of the country rap genre he helped invent and put on the national map with the help of well over 70 million Youtube views, he remains the first and only country rapper to date to ever sign a major label record deal with Warner Bros. With a catalog of 10 albums, including highlights like American Made, Kuntry Livin, which spawned the hits Workin' and Anything Goes, We the People, and Special Reserve among other fan favorites, Smo cultivated a fervent fanbase--affectionately referred to as Kinfoke--and brought them to the mainstream as the grassroots fire was soon blazing hotly enough to capture the Wall Street Journal's attention. A natural ambassador for his listeners' lifestyle with a star personality so charismatic he wound up with his own A&E reality show--another first for his genre--more than 2 million fans made it so officially when The Big Smo Show debuted in June 2014 on A&E and ran for two seasons. Now, Smo tells all in My Life in a Jar: The Book of Smo.

When she was sixteen years old, Angela Wong—one of the most popular girls in school—disappeared without a trace. Nobody ever suspected that her best friend, Georgina Shaw, now an executive and rising star at her Seattle pharmaceutical company, was involved in any way. Certainly not Kaiser Brody, who was close with both girls back in high school. But fourteen years later, Angela Wong's remains are discovered in the woods near Geo's childhood home. And Kaiser—now a detective with Seattle PD—finally learns the truth: Angela was a victim of Calvin James. The same Calvin James who murdered at least three other women. Turbulent and often volatile, their relationship bordered on obsession from the moment they met right up until the night Angela was killed. For fourteen years, Geo knew what happened to Angela and told no one. For fourteen years, she carried the secret of Angela's death until Geo was arrested and sent to prison. While everyone thinks they finally know the truth, there are dark secrets buried deep. And what happened that fateful night is more complex and more chilling than anyone really knows. How far will someone go to bury her secrets and hide her grief? How long can you get away with a lie? How long can you live with it? Find out in Jennifer Hillier's Jar of Hearts.
