The first book to appear in the illustrious Oxford History of the United States, this critically acclaimed volume--a finalist for the Pulitzer Prize--offers an unsurpassed history of the Revolutionary War and the birth of the American republic. Beginning with the French and Indian War and continuing to the election of George Washington as first president, Robert Middlekauff offers a panoramic history of the conflict between England and America, highlighting the drama and anguish of the colonial struggle for independence. Combining the political and the personal, he provides a compelling account of the key events that precipitated the war, from the Stamp Act to the Tea Act, tracing the gradual gathering of American resistance that culminated in the Boston Tea Party and "the shot heard 'round the world." The heart of the book features a vivid description of the eight-year-long war, with gripping accounts of battles and campaigns, ranging from Bunker Hill and Washington's crossing of the Delaware to the brilliant victory at Hannah's Cowpens and the final triumph at Yorktown, paying particular attention to what made men fight in these bloody encounters. The book concludes with an insightful look at the making of the Constitution in the Philadelphia Convention of 1787 and the struggle over ratification. Through it all, Middlekauff gives the reader a vivid sense of how the colonists saw these events and the importance they gave to them. Common soldiers and great generals, Sons of Liberty and African slaves, town committee-men and representatives in congress--all receive their due. And there are particularly insightful

The book also has a new epilogue and an updated bibliography. The cause for which the colonists fought, liberty and independence, was glorious indeed. Here is an equally glorious narrative of an event that changed the world, capturing the profound and passionate struggle to found a free nation. soaring freedom found in living secure in God's love. Bible teacher Laura Story gets what it's like to have plans altered and to surrender perceived security when faced with circumstances beyond our control. But she also understands the blessing of having a Father who loves you enough to take off the training wheels and place his beloved children in the best possible scenario for good and growth. Building on Laura's previous two books, *When God Doesn't Fix It* and *I Give Up, So Long, Normal* guides us to leave behind the idols of comfort, caution, and routine so we can live strong and well, even when life takes an unwelcome turn. She says, "Jesus doesn't just save us from hell in the next life; He saves us from our addiction to 'normal' lives this side of eternity. Our preference for cautious, ordinary lives is really rooted in a lack of faith and a failure to understand how much better His plan is than ours." *So Long, Normal* will help readers to: Process collective trauma and the loss of our "normal" Navigate the unknown and encourage those struggling with uncertainty Learn to rest in God's plan for us instead of trying to control our circumstances Face the future with fresh spiritual eyes and find joy in the unwavering strength of Christ In her confessional, conversational style, Laura weaves her own personal stories with examples from Scripture of characters whose lives were upended by unexpected (and undesired) change. Leaving, loving, or losing our "normal" is not the end of the world but the beginning of a new adventure with God that will change us forever. A contemporary statement of faith for choirs of any size!

In the twenty years since its publication, Celebration of Discipline has helped over a million seekers discover a richer spiritual life infused with joy, peace, and a deeper understanding of God. For this special twentieth anniversary edition, Richard J. Foster has added an introduction, in which he shares the story of how this beloved and enduring spiritual guidebook came to be. Hailed by many as the best modern book on Christian spirituality, Celebration of Discipline explores the "classic Disciplines," or central spiritual practices, of the Christian faith. Along the way, Foster shows that it is only by and through these practices that the true path to spiritual growth can be found. Dividing the Disciplines into three movements of the Spirit, Foster shows how each of these areas contribute to a balanced spiritual life. The inward Disciplines of meditation, prayer, fasting, and study, offer avenues of personal examination and change. The outward

Disciplines of simplicity, solitude, submission, and service, help prepare us to make the world a better place. The corporate Disciplines of confession, worship, guidance, and celebration, bring us nearer to one another and to God. Foster provides a wealth of examples demonstrating how these Disciplines can become part of our daily activities-and how they can help us shed our superficial habits and "bring the abundance of God into our lives." He offers crucial new insights on simplicity, demonstrating how the biblical view of simplicity, properly understood and applied, brings joy and balance to our inward and outward lives and "sets us free to enjoy the provision of God as a gift that can be shared with others." The discussion of celebration, often the most neglected of the Disciplines, shows its critical importance, for it stands at the heart of the way to Christ. Celebration of Discipline will help motivate Christians everywhere to embark on a journey of prayer and spiritual growth.

The 1969-70 season was momentous for Chelsea... a campaign that concludes with the Club winning the FA Cup for the first time in its history. It is also a period of awakening for Blues supporter Tommy Walker, a local boy from the World's End whose passion for the team is matched by his love of music and Sophia Fossati, a girl he meets at the Isle of Wight Festival Almost fifty years later, Tommy's health is failing fast and he asks his friend, author Mark Worrall, to write his memoirs. 'Liquidator' sets out Mark's struggle to come to terms with Tommy's situation and outlines how their friendship developed before focussing itself on Chelsea's journey to FA Cup glory with match descriptions so vivid you feel you are at the games cheering on Peter Osgood as he scores in every round of the competition! Granular details of Tommy's early life provide a fascinating snapshot of what following the Blues was like, both in the mid-1950s when he first sees Chelsea play at Stamford Bridge, and then later as

he attends every match of the 1970 cup run, that culminates in a tempestuous and ultimately triumphant final replay against Leeds United. Vibrant, larger-than-life characters fill the pages as Tommy and his friends weave and bob around London, mingling with Chelsea players and rock stars in long-lost pubs and clubs at a time when man first walked on the moon and 'The Liquidator', a reggae-tinged instrumental with an infernally catchy beat, wormed its way into the consciousness of Blues supporters. The recurring theme of how quickly time passes is never far away as is the yearning for days gone by and those who left this life too early.

"If you have faith as small as a mustard seed," Jesus says in the Gospel of Matthew, "nothing will be impossible for you." That sounds good, but does it work in a world where seeds are genetically altered by an impatient few and hard to come by for countless others? In a world where the gulf between the very rich and the profoundly poor is constantly growing, can a mustard-seed faith make any difference? And can such a little bit of faith be sustained in a world whose future is so uncertain on so many fronts? Tom Sine says yes, and he has the audacity to try to prove it in his latest book. In *The New Conspirators* Tom surveys the landscape of creative Christianity, where streams of renewal are flowing freely from diverse sources: The emerging church Contemporary monastic movements The missional church The mosaic movement Individuals and communities of faith are coalescing in, and drawing energy from, these four streams to retrofit the church as it leads, serves and gives witness to the kingdom of God in the turbulent times facing us. Read the book and you'll want to-and be prepared to-join God's conspiracy to create a better future.
