The Mystic Masseur tells the story of Ganesh and his journey from failed primary school teacher and masseur to author, revered mystic and MBE. Miguel Street, a very early novel, won the Somerset Maugham Award on its appearance in 1959.

Miguel Street, V. S. Naipaul's first written work of fiction, is set in a derelict corner of Port of Spain, Trinidad, during World War Two and is narrated by an unnamed, precociously observant neighbourhood boy. We are introduced to a galaxy of characters, from Popo the carpenter, who neglects his livelihood to build 'the wild thing without a name', to Man-man, who goes from running for public office to staging his own crucifixion, and the dreaded Big-Foot, the bully with glass tear ducts. As well as the lovely Mrs Hereira, in thrall to her monstrous husband. V. S. Naipaul writes with prescient wisdom and crackling wit about the lives and legends that make up Miguel Street: a living theatre, a world in microcosm, a cacophony of sights, sounds and smells – all seen through the eyes of a fatherless boy. The language, the idioms and the observations are priceless and timeless and Miguel Street overflows with life on every page. This is an astonishing novel about hope, despair, poverty and laughter; and an enchanting and exuberant tribute to V. S. Naipaul's childhood home. Profiles homes from the colonial town of San Miguel de Allende, surveying numerous interior, architectural, and garden design ideas, from stately rural haciendas and villas to renovated colonial townhouses, in a guide that

also showcases the applications of local crafts and furnishings. 12,000 first printing.

To the residents of Miguel Street, a derelict corner of Trinidad's capital, their neighbourhood is a complete world, where everybody is quite different from everybody else. There's Popo the carpenter, who neglects his livelihood to build "the thing without a name;" Man-man, who goes from running for public office to staging his own crucifixion; Big Foot, the dreaded bully with glass tear ducts; and the lovely Mrs. Hereira, in thrall to her monstrous husband. Their lives (and the legends their neighbours construct around them) are rendered by V. S. Naipaul with Dickensian verve and Chekhovian compassion in this tender, funny novel.

A stranger could drive through Miguel Street and just say 'Slum!' because he could see no more. But to its residents this derelict corner of Trinidad's capital is a complete world, where everybody is quite different from everybody else...Set during World War II and narrated by an unnamed - but precociously observant - neighbourhood boy, Miguel Street is a work of mercurial mood shifts, by turns sweetly melancholy and anarchically funny. It overflows with life on every page. Rondón tells the engaging story of salsa's roots in Puerto Rico, Cuba, Colombia, the Dominican Republic, and Venezuela, and of its emergence and development in the 1960s as a distinct musical movement in New York. Rondón presents salsa as a truly pan-Caribbean phenomenon, emerging in the migrations and interactions, the celebrations and conflicts that marked the region. Although salsa is rooted in urban culture,

For many in Miami's Cuban exile community, hating Fidel Castro is as natural as loving one's children. This hatred, Miguel De La Torre suggests, has in fact taken on religious significance. In *La Lucha for Cuba*, De La Torre shows how Exilic Cubans, a once marginalized group, have risen to power and privilege—distinguishing themselves from other Hispanic communities in the United States—and how religion has figured in their ascension. Through the lens of religion and culture, his work also unmask and explores intra-Hispanic structures of oppression operating among Cubans in Miami. Miami Cubans use a religious expression, *la lucha*, or "the struggle," to justify the power and privilege they have achieved. Within the context of *la lucha*, De La Torre explores the religious dichotomy created between the "children of light" (Exilic Cubans) and the "children of darkness" (Resident Cubans). Examining the recent saga of the Elián González custody battle, he shows how the cultural construction of *la lucha* has become a distinctly Miami-style spirituality that makes *el exilio* (exile) the basis for religious reflection, understanding, and practice—and that conflates political mobilization with spiritual meaning in an ongoing confrontation with evil. From the New York Times bestselling author, a haunting historical novel about three generations of women living on a tiny, desolate island.

story of WeWork and its CEO tells the remarkable saga of one of the most audacious, and improbable, rises and falls in American business history (Ken Auletta). Christened a potential savior of Silicon Valley's startup culture, Adam Neumann was set to take WeWork, his office share company disrupting the commercial real estate market, public, cash out on the company's forty-seven billion dollar valuation, and break the string of major startups unable to deliver to shareholders. But as employees knew, and investors soon found out, WeWork's capital was built on promises that the company was more than a real estate purveyor, that in fact it was a transformational technology company. Veteran journalist Reeves Weideman dives deep into WeWork and its CEO's astronomical rise, from the marijuana and tequila-filled board rooms to cult-like company summer camps and consciousness-raising with Anthony Kiedis. Billion Dollar Loser is a character-driven business narrative that captures, through the fascinating psyche of a billionaire founder and his wife and co-founder, the slippery state of global capitalism. A survey of the life and work of the 2001 Nobel Laureate for Literature, V. S. Naipaul, Man and Writer introduces readers to the writer widely viewed as a curmudgeonly novelist who finds special satisfaction in overturning the vogue presuppositions of his peers. Gillian Dooley takes an expansive look at Naipaul's literary career, from Miguel Street to Magic Seeds. From readings of his fiction, nonfiction, travel books, and volumes of letters, she elucidates the connections

between Naipaul's personal experiences as a Hindu Indian from Trinidad living an expatriate life and the precise, euphonious prose with which he is synonymous. Dooley assesses each of Naipaul's major publications in light of his stated intentions and beliefs, and she traces the development of his writing style over a forty-year career. Devoting separate chapters to three of his chief works, *A House for Mr. Biswas*, *In a Free State*, and *The Enigma of Arrival*, she analyzes their critical reception and the primacy of Naipaul's specific narrative style and voice. Dooley emphasizes that it is, above all, Naipaul's refusal to compromise his vision in order to flatter or appease that has made him a controversial writer. At the same time she sees the integrity with which he reports his subjective response to the world as essential to the lasting success of his work.

The time is World War II, the setting a derelict street in Trinidad's capital, Port of Spain. In this tender early novel, Naipaul renders the residents' lives (and the legends that arise around them) with Dickensian verve and Chekhovian compassion.

With an introduction from Paul Theroux V.S. Naipaul first visited India in 1962 at twenty-nine. His most recent visit was in 2015 at eighty-two. The intervening years and visits sparked by an inquisitiveness about a country he had never seen but had been a dream of his since childhood have resulted in three books: *India: An Area of Darkness*, *A Wounded Civilization* and *A Million Mutinies Now*. India is the collection of all three, introduced by fellow traveller and writer Paul Theroux. *An Area of Darkness* is V. S. Naipaul's semi-autobiographical account - at once painful and hilarious, but always thoughtful and considered - of his first visit to India, the land of his forebears. From the moment of his inauspicious arrival he experienced a cultural estrangement from the subcontinent. India was land of myths, an area of

darkness closing up behind him as he travelled. What emerged was a masterful work of literature that provides a revelation both of India and of himself: a displaced person who paradoxically possesses a stronger sense of place than almost anyone. *India: A Wounded Civilization* casts a more analytical eye than before over Indian attitudes, while recapitulating and further probing the feelings aroused in him by this vast, mysterious, and agonized country. A work of fierce candour and precision, it is also a generous description of one man's complicated relationship with the country of his ancestors. *India: A Million Mutinies Now* is the fascinating account of Naipaul's return journey to India and offers a kaleidoscopic, layered travelogue, encompassing a wide collage of religions, castes, and classes at a time when the percolating ideas of freedom threatened to shake loose the old ways. The brilliance of the book lies in Naipaul's approach to a shifting, changing land from a variety of perspectives. *India: A Million Mutinies Now* is a truly perceptive work whose insights continue to inform travellers of all generations to India.

Garnering international prizes and acclaim before its publication, *Ilustrado* has been called "brilliantly conceived and stylishly executed . . . It is also ceaselessly entertaining, frequently raunchy, and effervescent with humor" (2008 Man Asian Literary Prize panel of judges). It begins with a body. memoirs. The result is a rich and dramatic family saga of four generations, tracing 150 years of Philippine history forged under the Spanish, the Americans, and the Filipinos themselves. Finally, we are surprised to learn that this story belongs to young Miguel as much as to his lost mentor, and we are treated to an unhindered view of a society caught between reckless decay and hopeful progress. Exuberant and wise, wildly funny and deeply moving, Ilustrado explores the hidden truths that haunt every family. It is a daring and inventive debut by a new writer of astonishing talent.

Few other books in our time have touched so many readers. V. S. An expatriate English couple and a West Indian would-be revolutionary yield to infidelity, sexual abuse, murder, and irrevocable mental and moral

One of the finest living writers in the English language, V. S. Naipaul gives us a tale as wholly unexpected as it is affecting, his first novel since the exultantly acclaimed *A Way in the World*, published seven years ago. *Half a Life* is the story of Willie Chandran, whose father, heeding the call of Mahatma Gandhi, turned his back on his brahmin heritage and married a woman of low caste—a disastrous union he would live to regret, as he would the children that issued from it. When Willie reaches manhood, his flight from the travails of his mixed birth takes him from India to London, where, in the shabby haunts of immigrants and literary bohemians of the 1950s, he contrives a new identity. This is what happens as he tries to defeat self-doubt in sexual adventures and in the struggle to become a writer—strivings that bring him to the brink of exhaustion, from which he is rescued, to his amazement, only by the love of a good woman. And this is what happens when he returns with her—carried along, really—to her home in Africa, to live, until the last doomed days of colonialism, yet another life not his own. In a luminous narrative that takes us across three continents, Naipaul explores his great theme of inheritance with an intimacy and directness unsurpassed in his extraordinary body of work. And even as he lays bare the bitter comical

ironies of assumed identities, he gives us a poignant spectacle of the enervation peculiar to a borrowed life. In one man's determined refusal of what he has been given to be, Naipaul reveals the way of all our experience. As Willie comes to see, "Everything goes on a bias. The world should stop, but it goes on." A masterpiece of economy and emotional nuance, *Half a Life* is an indelible feat of the imagination.

In his long-awaited, vastly innovative new novel, Naipaul, "one of literature's great travelers" (*Los Angeles Times*), spans continents and centuries to create what is at once an autobiography and a fictional archaeology of colonialism. "Dickensian... a brilliant new prism through which to view (Naipaul's) life and work."—*New York Times*.

An obituarist opens his archive to celebrate the obscure and the eccentric. In *Doomed and Famous*, an obituarist opens his archive in celebration of the most marginal and improbable characters, creating a meta-fiction of extinction and obscurity. For many decades Adrian Dannatt tracked and dredged the dead, with a macabre disregard for the etiquette of mortality. His specialty, much in demand among even the most mainstream publications, was to memorialize those whose eccentricity or criminality

made them unlikely candidates for the fleeting immortality of a newspaper necrology. Dannatt maintained a veritable lust, perverse certainly, for capturing and celebrating such wayward existences. This book is a selection of some of the best—meaning most improbable—of these miniature biographies. Here are arranged an almost fictive cast of characters including an imaginary Sephardic count in Wisconsin, a sadomasochist collector of the world's rarest clocks, a discrete Cuban connoisseur of invisibility, an alcoholic novelist in Rio, a Warhol Superstar gone wrong, a leading downtown Manhattan dominatrix, a conceptual artist who blew up a museum, and many others. Dannatt terminates this volume with his own putative extinction, performing the difficult if not dangerous task of penning his personal life history and ultimate end. "A marvellous prose epic that matches the best nineteenth-century novels" Newsweek "A work of great comic power qualified with firm and unsentimental compassion." Anthony Burgess *A House for Mr Biswas* is V.S. Naipaul's unforgettable third novel. Born the "wrong way" and thrust into a world that greeted him with little more than a bad omen, Mohun Biswas has spent his 46 years of life striving for independence. But his determined efforts

have met only with calamity. Shuttled from one residence to another after the drowning of his father, Mr Biswas yearns for a place he can call home. He marries into the domineering Tulsi family, on whom he becomes indignantly dependent, but rebels and takes on a succession of occupations in an arduous struggle to weaken their hold over him and purchase a house of his own. Heartrending and darkly comic, *A House for Mr Biswas* masterfully evokes a man's quest for autonomy against the backdrop of post-colonial Trinidad.

The present volume is a highly comprehensive assessment of the postcolonial short story since the thirty-six contributions cover most geographical areas concerned. Another important feature is that it deals not only with exclusive practitioners of the genre (Mansfield, Munro), but also with well-known novelists (Achebe, Armah, Atwood, Carey, Rushdie), so that stimulating comparisons are suggested between shorter and longer works by the same authors. In addition, the volume is of interest for the study of aspects of orality (dialect, dance rhythms, circularity and trickster figure for instance) and of the more or less conflictual relationships between the individual (character or implied author) and the community.

Furthermore, the marginalized status of women emerges as another major theme, both as regards the past for white women settlers, or the present for urbanized characters, primarily in Africa and India. The reader will also have the rare pleasure of discovering Janice Kulik Keefer's "Fox," her version of what she calls in her commentary "displaced autobiography" or "creative non-fiction." Lastly, an extensive bibliography on the postcolonial short story opens up further possibilities for research.

The author of more than thirty books of fiction and nonfiction and winner of the Nobel Prize in Literature, V. S. Naipaul (1932–2018) is one of the most acclaimed authors of the twentieth century. He is also one of the most controversial. Before settling in England, Naipaul grew up in Trinidad in an Indian immigrant community, and his depiction of colonized peoples has often been harshly judged by critics as unsympathetic, misguided, racist, and sexist. Yet other readers praise his work as containing uncommonly perceptive historical and psychological insight. In *V. S. Naipaul's Journeys*, Sanjay Krishnan offers new perspectives on the distinctiveness and power of Naipaul's writing, as well as his shortcomings, trajectory, and complicated legacy. While recognizing the flaws and prejudices that shaped and limited Naipaul's life and art, this book challenges the binaries that have dominated discussions of his writing. Krishnan reads Naipaul as self-subverting and self-critical, engaged in describing his own implication in what he saw as the malaise of the postcolonial world. Krishnan brings together close readings of major novels with considerations of Naipaul's work as a united project, as well as nuanced assessments of Naipaul's political commentary on ethnic nationalism and religious fundamentalism. Krishnan provides a Naipaul for contemporary times, illuminating how his life and work shed

Both devastating and funny, *The Lonely Londoners* is an unforgettable account of immigrant experience - and one of the great twentieth-century London novels. This Penguin Modern Classics edition includes an introduction by Susheila Nasta. At Waterloo Station, hopeful new arrivals from the West Indies step off the boat train, ready to start afresh in 1950s London. There, homesick Moses Aloetta, who has already lived in the city for years, meets Henry 'Sir Galahad' Oliver and shows him the ropes. In this strange, cold and foggy city where the natives can be less than friendly at the sight of a black face, has Galahad met his Waterloo? But the irrepressible newcomer cannot be cast down. He and all the other lonely new Londoners - from shiftless Cap to Tolroy, whose family has descended on him from Jamaica - must try to create a new life for themselves. As pessimistic 'old veteran' Moses watches their attempts, they gradually learn to survive and come to love the heady excitements of London. Sam Selvon (b. 1923) was born in San Fernando, Trinidad. In 1950 Selvon left Trinidad for the UK where after hard times of survival he established himself as a writer with *A Brighter Sun* (1952), *An Island is a World* (1955), *The Lonely Londoners* (1956), *Ways of Sunlight* (1957), *Turn Again Tiger* (1958), *I Hear Thunder* (1963), *The Housing Lark* (1965), *The Plains of Caroni* (1970), *Moses Ascending* (1975) and *Moses Migrating* (1983). The history of Trinidad begins with a delusion: the belief that somewhere nearby on the South American mainland lay El Dorado, the mythical kingdom of gold. In this extraordinary and often gripping book, V. S. Naipaul—himself a native of Trinidad—shows how that delusion drew a small island into the vortex of world events, making it the object of Spanish and English colonial designs and a mecca for treasure-seekers, slave-traders, and revolutionaries. Amid massacres and poisonings, plunder and multinational intrigue, two themes emerge: the grinding down of the Aborigines during the long rivalries of the El Dorado quest and, two hundred years later, the man-made horror of slavery. An accumulation of casual, awful detail takes us as close as we can get to day-to-day life in the slave colony, where, in spite of various titles of nobility, only an opportunistic, near-lawless community exists, always fearful of slave suicide or poison, of African sorcery and revolt. Naipaul tells this labyrinthine story with assurance, withering irony, and lively sympathy. The result is historical writing at its highest level.

In this novel, children, teenagers, young men, and those women unlucky enough to live on Mulberry Street find little comfort in a life where heroes are absent, and dreams are unrealized. They also took a toll on his personal relationships and his family. With nowhere to turn for help and the VA's lack to acknowledge veteran issues, Jim turned to the Lord for help. His faith would be tested in the most crucial times of his life. Throughout all the good and bad times, Jim never lost his faith. It is the biggest reason he conquered his demons and is here to share his story today. His story is one that is not here to glamourize his mistakes. What it is here for is to instill hope and faith in others who feel alone. To help those who have gone through the same pitfalls as he has. Others who feel like they have no place to turn for help. The same way he felt when he came back from Vietnam. It is here to give thanks to the many who helped him with his struggles along the way. It is here to give thanks to the Lord for all his blessings he has endured through life. The great changes he made to make life worth living and fighting for.

The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.
