When Tiffany Aching sets out to become a witch, she faces ominous foes and gains unexpected allies. As she confronts the Queen of Fairies and battles an ancient, bodiless evil, she is aided (and most ably abetted) by the six-inch-high, fightin', stealin', drinkin' Wee Free Men! Laugh-out-loud humor and breathtaking action combine in the books that launched the unforgettable adventures of a determined young witch and her tiny but fierce blue friends.

A collection of essays and other non fiction from Terry Pratchett, spanning the whole of his writing career from his early years to the present day. Terry Pratchett has earned a place in the hearts of readers the world over with his bestselling Discworld series -- but in recent years he has become equally well-known and respected as an outspoken campaigner for causes including Alzheimer's research and animal rights. A Slip of the Keyboard brings together for the first time the finest examples of Pratchett's non fiction writing, both serious and surreal: from musings on mushrooms to what it means to be a writer (and why banana daiquiris are so important); from memories of Granny Pratchett to speculation about Gandalf's love life, and passionate defences of the causes dear to him. With all the humour and humanity that have made his novels so enduringly popular, this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself -- man and boy, bibliophile and computer geek, champion of hats,

The second in a series of Discworld novels starring the young witch Tiffany Aching. Something is coming after Tiffany. . . . Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! What Tiffany doesn't know is that an insidious, disembodied creature is pursuing her. This time, neither Mistress Weatherwax (the greatest witch in the world) nor the fierce, six-inch-high Wee Free Men can protect her. In the end, it will take all of Tiffany's inner strength to save herself . . . if it can be done at all.

A new stage adaptation of one of Pratchett's best-selling novels The Monstrous Regiment in question is made up of a vampire (reformed and off the blood, thank you), a troll, Igor (who is only too happy to sew you a new leg if you aren't too particular about previous ownership), a collection of misfits and a young woman discovers that a pair of socks shoved down her pants is a good way to open up doors in a man's army."One of the funniest English authors alive" (Independent)

exhilarating adaptation of Terry Pratchett's witty and challenging adventure story in a major Christmas production for 2009. A parallel world, 1860. Two teenagers thrown together by a tsunami that has destroyed Mau's village and left Daphne shipwrecked on his South Pacific island, thousands of miles from home. One wears next to nothing, the other a long white dress; neither speaks the other's language; somehow they must learn to survive. As starving refugees gather, Daphne delivers a baby, milks a pig, brews beer and does battle with a mutineer. Mau fights cannibal Raiders, discovers the world is round and questions the reality of his tribe's fiercely patriarchal gods. Together they come of age, overseen by a foul-mouthed parrot, as they discard old doctrine to forge a new Nation.

'Funny, delightfully inventive, and refuses to lie down in its genre' Observer The Discworld is very much like our own – if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . There is a curse. They say: may you live in interesting times. 'May you live in interesting times' is the worst thing one can wish on a citizen of Discworld, especially on the distinctly unmagical Rincewind, who has had far too much perilous excitement in his life and can't even spell wizard. So when a request for a ;Great Wizzard; arrives in Ankh-Morpork via carrier albatross from the faraway Counterweight Continent, it's the endlessly unlucky Rincewind who's sent as emissary. The oldest (and most heavily fortified) empire on the Disc is in turmoil, and Chaos is building. And, for some

incomprehensible reason, someone believes Rincewind will have a mythic role in the ensuing war and wholesale bloodletting. There are too many heroes already in the world, but there is only one Rincewind. And he owes it to the world to keep that one alive for as long as possible. \_\_\_\_\_

The Discworld novels can be read in any order but Interesting Times is the fifth book in the Wizards series.

Widely thought of as the best book Terry Pratchett ever wrote, this is a story of a Nation, a story of a friendship, a story of growing up and the truths we must learn. It is epic in every sense . . . Prepare for the world to be turned upside down . . . For Mau, halfway between boy and man, it happens when a great wave destroys his entire village. For Daphne, it's when the same wave crashes her ship into the island that was once Mau's home. Everything they once had is now so far away, lost to distance and time. But when Daphne stops trying to shoot Mau (she did apologise for it), and instead uses a salvaged invitation card to invite him to tea, they discover a new home can be theirs. And then people start arriving on the island – some very good, some very bad. And it's soon clear that Daphne and Mau must fight for their Nation. Then a discovery is made that will change the entire world forever . . .

A beautiful hardback edition of the classic Discworld novel 'Anything you do in the past changes the future. The tiniest little actions have huge consequences. You might tread on an ant now and it might entirely prevent someone from being born in the future.'

With the best and most interfering minds of Unseen University somehow left in charge at a critical evolutionary turning point, the Discworld's last continent needs a saviour... Who is this hero striding across the red desert? Sheep shearer, beer drinker, bush ranger, and someone who'll even eat a Meat Pie Floater when he's sober. In fact, it's Rincewind, a wizard so inept he can't even spell wizard. He's the only hero left. Still...no worries, eh?

Bruce Gordon was an ex-fighter, ex-gambler, ex-cop, ex-reporter, and now he was an ex-patriot of Earth. Security shipped him to Mars with a knife, 100 credits, and a yellow card that meant no return. An SF novel that would appeal to Mickey Spillane fans, *Police Your Planet* features lots of hands-on violence, assorted beatings, and blood. But this isn't just a crime novel put into space; this is a hard sf novel, and the terraforming of Mars, while not dwelt upon, is central to the story.

After a tsunami destroys all that they have ever known, Mau, an island boy, and Daphne, an aristocratic English girl, together with a small band of refugees, set about rebuilding their community and the things that matter to them.

Paul Kidby, Sir Terry Pratchett's artist of choice, provided the illustrations for *The Last Hero*, designed the covers for the Discworld novels since 2002 and is the author of the bestseller *The Art Of Discworld*. Now, Paul Kidby has collected the very best of his Discworld illustrations in this definitive volume, including 40 pieces never before seen, 30 pieces that have only appeared in foreign editions, limited editions and BCA editions, and 17 book cover illustrations since 2004 that have never been seen without cover text. If Terry Pratchett's pen gave his characters life, Paul Kidby's brush allowed them to live it, and nowhere is that better illustrated than in this magnificent book.

They have made their homes beneath the floorboards for generations and no longer remember—or even believe in—life beyond the Store walls. Until the day a small band of nomes arrives at the Store from the Outside. Led by a young nome named Masklin, the Outsiders carry a mysterious black box (called the Thing), and they deliver devastating news: In twenty-one days, the Store will be destroyed. Now all the nomes must learn to work together, and they must learn to think—and to think BIG. Part satire, part parable, and part adventure story par excellence, master storyteller Terry Pratchett's first entry in the engaging Bromeliad trilogy traces the nomes' flight and search for safety, a search that leads them to discover their own astonishing origins and takes them beyond their wildest dreams.

Everybody wants more time, which is why on Discworld only the experts can manage it -- the venerable Monks of History who store it and pump it from where it's wasted, like underwater (how much time does a codfish really need?), to places like cities, where busy denizens lament, "Oh where does the time go?" While everyone always talks about slowing down, one young horologist is about to do the unthinkable. He's going to stop. Well, stop time that is, by building the world's first truly accurate clock. Which means esteemed History Monk Lu-Tze and his apprentice Lobsang Ludd have to put on some speed to stop the timepiece before it starts. For if the Perfect Clock starts ticking, Time -- as we know it -- will end. And then the trouble will really begin...

Thirteen-year-old Johnny Maxwell acquires the neighborhood homeless woman's shopping cart when she is injured and discovers that its contents have the ability to send him back in time from 1996 to 1941 England.

Barbarian Tribes, Miscellaneous Marauders, unlicensed Thieves, and such. It's a big job, particularly for an adopted dwarf. But an even bigger job awaits. An ancient document has just revealed that Ankh-Morpork, ruled for decades by Disorganized crime, has a secret sovereign! And his name is Carrott... And so begins the most awesome epic encounter of all time, or at least all afternoon, in which the fate of a city—indeed of the universe itself!—depends on a young man's courage, an ancient sword's magic, and a three-legged poodle's bladder.

Terry Pratchett's infamous city of Ankh-Morpork is under threat from a 60-foot fire-breathing dragon, summoned by a secret society of malcontented tradesmen.

Defending Ank-Morpork against this threat is the entire, underpaid, undervalued City Night Watch - a drunken and world-weary Captain, a cowardly and overweight Sergeant, a small opportunistic Corporal of dubious parentage...and their newest recruit, Lance Constable Carrot, who is upright, literal, law-abiding and keen. Aiding them in their fight for truth, justice and the Ankh-Morporkian way are a small swamp dragon and the Librarian of Unseen University (who just happens to be an orang-utan).

commander of Ankh-Morpork, is at long last taking a much-needed (and well deserved) vacation. But, of course, this is Discworld®, where nothing goes as planned—and before Vimes can even change his cardboard-soled boots for vacationer’s slippers, the gruff watch commander soon finds himself enmeshed in a fresh fiasco fraught with magic, cunning, daring, and (for the reader more than for poor Vimes) endless hilarity. Did he really expect time off? As Vimes himself says in *Feet of Clay*, “there’s some magical creature called ‘overtime,’ only no one’s even seen its footprints.” Following the *New York Times* bestselling *Unseen Academichals*, Terry Pratchett delivers an enthralling new tale from a place of insuperable adventure: Discworld. Discworld® is a registered trademark.

Amazingly, former arch-swindler-turned-Postmaster General Moist von Lipwig has somehow managed to get the woefully inefficient Ankh-Morpork Post Office running like . . . well, not like a government office at all. Now the supreme despot Lord Vetinari is asking Moist if he'd like to make some real money. Vetinari wants Moist to resuscitate the venerable Royal Mint—so that perhaps it will no longer cost considerably more than a penny to make a penny. Moist doesn't want the job. However, a request from Ankh-Morpork's current ruling tyrant isn't a "request" per se, more like a "once-in-a-lifetime-offer-you-can-certainly-refuse-if-

you-feel-you've-lived-quite-long-enough." So Moist will just have to learn to deal with elderly Royal Bank chairman Topsy (née Turvy) Lavish and her two loaded crossbows, a face-lapping Mint manager, and a chief clerk who's probably a vampire. But he'll soon be making lethal enemies as well as money, especially if he can't figure out where all the gold has gone.

'This isn't just football, it's Discworld football. Or, to borrow another phrase, it's about life, the Universe and everything' The Times The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . Football has come to the ancient city of Ankh-Morpork. And now, the wizards of Unseen University must win a football match, without using magic, so they're in the mood for trying everything else. This is not going to be a gentleman's game. The prospect of the Big Match draws in a street urchin with a wonderful talent for kicking a tin can, a maker of jolly good pies, a dim but beautiful young woman, who might just turn out to be the greatest fashion model there has ever been, and the mysterious Mr Nutt (and no one knows anything much about Mr Nutt, not even Mr Nutt) but there is something powerful, and dark, locked away inside him. As the match approaches, secrets are forced into the light and four lives will be entangled and changed for ever. Here we go, here we go, here we go!
