#1 New York Times bestselling author Stephanie Laurens brings you the delights of a long-ago country-village Christmas, featuring a grandmother, her grandchildren, an artifact hunter, the lady who catches his eye, and three ancient coins that draw them all together in a Christmas treasure hunt. Therese, Lady Osbaldestone, and her household again welcome her younger daughter's children, Jamie, George, and Lottie, plus their cousins Melissa and Mandy, all of whom have insisted on spending the three weeks prior to Christmas at Therese's house, Hartington Manor, in the village of Little Moseley. The children are looking forward to the village's traditional events, and this year, Therese has arranged a new distraction—the plum puddings she and her staff are making for the entire village. But while cleaning the coins donated as the puddings' good-luck tokens, the children discover that three aren't coins of the realm. When consulted, Reverend Colebatch summons a friend, an archeological scholar from Oxford, who confirms the coins are Roman, raising the possibility of a Roman treasure buried somewhere near. Unfortunately, Professor Webster is facing a deadline and cannot assist in the search, but along with his niece Honor, he will stay in the village, writing, remaining available for consultation should the children and their helpers uncover more treasure. It soon becomes clear that discovering the source of the coins—or even which villager donated them—isn't a straightforward matter. Then the children come across a personable gentleman who knows a great deal about Roman antiquities. He introduces himself as Callum Harris, and they agree to allow him to help, and he gets their search back on track. But while the manor five, assisted by the gentlemen from Fulsom Hall, scour the village for who had the coins and search the countryside for signs of excavation and Harris combs through the village's country-house libraries, amassing evidence of a Roman compound somewhere near, the site from which the coins actually came remains a frustrating mystery. Then Therese recognizes Harris, who is more than he's pretending to be. She also notes the romance burgeoning between Harris and Honor Webster, and given the girl doesn't know Harris's full name, let alone his fraught relationship with her uncle, Therese steps in. But while she can engineer a successful resolution to one romance-of-the-season, as well as a reconciliation long overdue, another romance that strikes much closer to home is beyond her ability to manipulate. Meanwhile, the search for the source of the coins goes on, but time is running out. Will Therese's grandchildren and their Fulsom Hall helpers locate the Roman merchant's villa Harris is sure lies near before they all must leave the village for Christmas with their families? Third in series. A novel of 70,000 words. A Christmas tale of antiquities, reconciliation, romance, and requited love.

"Lock your doors. Hold them tight. Close your windows. Every night. Don't go out, in case he's there. Always live in total fear." Everyone knows of Alpha Kaden, a man of twisted riddles and cryptic puzzles. His identity is one of them. His touch,

another. He is feared throughout all 13 packs for his reputation of stealing young women out of their beds. And tonight he has come to steal Mara to make her a player in his wicked game. But when Mara discovers the truth behind his sadistic mind games everything changes and she finds herself questioning what is real, and what is not. Mara always assumed her mate would be a man from her own pack. A good man. Not a sadistic, sinful Alpha named Kaden.

She's the one girl this player can't have. A human. I'm dying to claim the redhead who lights up the club every Saturday night. I want to pull her into the storeroom and make her scream, but it wouldn't be right. She's too pure. Too fresh. Too passionate. Too human. When she learns my secret, my alpha orders me to wipe her memories. But I won't do it. Still, I'm not mate material—I can't mark her and bring her into the pack. What in the hell am I going to do with her? Life is good for wizard Sam of Wilds and Knight Commander Ryan Foxheart, until Sam's grandmother, leader of the gypsy clan, comes to the City of Lockes with a dire prophecy.

General Augustus Bron, Commander of the Traoian Iron Guard, has never approved of the practice of capturing human women and training them to serve the rich and powerful of his world. He knows, however, that success in politics is all but impossible without the social status granted by ownership of a human pet, and with his planet in desperate need of new leadership he sees little choice but to obtain one for himself. When she pieces together a connection between five missing women, reporter Phaedra Ellis knows she is onto something big, but before she can go public with her story she is taken from her apartment in the middle of the night and brought to a facility unlike anything she has ever seen before. To her shock, Phaedra is informed that she is no longer on Earth, and more disturbing still, she is now the property of a huge, powerful alien warrior who will not hesitate to bare her bottom and spank her soundly should she dare to disobey him. After an intimate, deeply humiliating medical examination confirms her suitability as a pet, Bron begins Phaedra's training. Though taming her will require a firm hand and punishments much more shameful than a mere spanking may be necessary from time to time, he has no doubt that he is up to the task. But despite his efforts to remain stoic, his beautiful little human has soon claimed a place in his heart. When Bron's enemies seek to use his growing love for Phaedra against him, can the battle-hardened soldier find a way to protect both his planet and his pet? As the daughter of a powerful highland laird, Glynis McLeod should have made a fine wife for any Scotsman. Having been deprived of discipline by her mother's untimely passing, however, Glynis grew up wild and unchecked. As a lass of twenty, she has precious little respect for any man, let alone a husband her father might choose for her. But even a doting father must obey his king, and when the king demands a marriage to ensure lasting peace between rival clans, Glynis finds herself the very reluctant bride of Bran McKinnon. Known as Bran the Bull-both for his size and his fearsome sexual appetites-he is a man accustomed to being obeyed, a fact which is quickly impressed upon Glynis when her lack of decorum earns her a bare-bottom spanking from her future husband in the great hall of her father's castle. As soon as Bran lays eyes on Glynis, he knows the fiery redhead is exactly what he's been seeking: a woman who needs both the firm hand of a father figure and the dominant lovemaking of a husband. With the help of her childhood nanny, Bran sets about training his feisty highland lass to be the obedient wife he expects. Blushing cheeks and a sore bottom quickly help Glynis become the good little girl her husband desires, but when danger threatens the king's peace, will Bran recognize in time that there's more to his young bride than meets the eye?
