Teachers, school managers and governors are now more publicly accountable than ever. They are expected to know how their school is performing and how to improve that performance. Target setting is a key tool in the drive to raise standards, and has been implemented at every level of the education system. This book explores target setting from both the teacher's and pupil's viewpoint, and investigates the role of assessment in successful teaching and learning. It shows that it is possible to develop a whole-school target setting policy co-ordinating the use of targets for individual pupils, subject specific departments and teams, and whole-school improvement plans. In this way, targets can be used positively for the benefit of pupils, teachers and managers. This book will be important reading for headteachers, senior management teams, assessment co-ordinators and subject leaders in schools, and will also be of interest to governors and LEA advisors.

Krishnamurti. Mary Lutyens (1908-1999) was a British author best known for her three-volume biography of Jiddu Krishnamurti; the other volumes in this series are Krishnamurti: The Years of Fulfilment and Krishnamurti: The Open Door. She wrote in the Foreword to this 1975 book, "This account of the life of the first thirty-eight years of Krishnamurti's life has been written at his suggestion and with all the help he has been able to give me. it shows the circumstances of the unfolding of Krishnamurti's teaching and demonstrates his extraordinary achievement in freeing himself from the many hands that clutched at him in an endeavour to force him into the role of traditional Messiah." He told his audience, "I maintain that Truth is a pathless land, and you cannot approach it by any path whatsoever, by any religion, by any sect... I do not want to belong to any organization of a spiritual kind; please understand this." Lutyens' sympathetic, yet detailed and critical biography is "must reading" for anyone wanting to know more about Krishnamurti.

three-volume biography of Jiddu Krishnamurti; the other volumes in this series are Krishnamurti: The Years of Awakening and Krishnamurti: The Open Door. She wrote in the Foreword to this 1983 book, "This second volume of Krishnamurti's biography, which brings the story of his life up to 1980, like the first, has, like the first, been written at his suggestion and with his full co-operation" She says, "Krishnamurti has often been asked about physical healing. He undoubtedly possesses a power of healing but has always played it down" What K was talking about was awareness from moment to moment of all that was taking place inside oneself without any effort to direct or change it---a matter of pure observation, perception, which would result in change without effort." Led to believe that unlocking its power was their only hope of ending a seemingly endless interplanetary race war, five girls with extraordinary powers accepted a mission to find the Zeal Orb. After two years, they have nearly reached their destination. Suddenly, however, they are ambushed, and twelve-year-old Jadeleve is separated from the group. Due to a hard blow to her head, Jadeleve cannot recall what happened to her or her comrades or even what her enemy looked like. After waking up alone in the middle of a jungle with no resources, she

is forced to use all her skills in order to claw her way back to civilization, find her friends, and uncover their attackers true motives. With her physical abilities already tested to their limits, Jadeleve must rely on her mental reserves, not only to combat their elusive enemy, but to overcome an internal struggle. As she grows more doubtful that the Zeal Orb exists, and starts to wonder if her efforts to end the war are futile, Jadeleve has no choice but to consider the following implications: that she was deceived, and worse, that she is powerless.

J Krishnamurti (1896-1986) was one of the most important spiritual leaders of his time. Discovered by the Theosophist as a boy in India, he was groomed by them as the new Messiah, a role he rejected when he set out independently on his own spiritual quest. Travelling the world, lecturing and teaching, he acquired an enormous following, including many eminent statesmen and intellectuals. As one of Krishnamurti's closest friends and devotees, Mary Lutyens is uniquely qualified to write his biography. Indeed, she has written three previous volumes on him, but only after his death in 1986 did she feel able to produce this book, bringing the life and philosophy of this fascinating and complex man into true perspective.
