embraced by fraud examination instructors across the country, *Principles of Fraud Examination, 4th Edition*, by Joseph Wells, is written to provide a broad understanding of fraud to today's accounting students – what it is and how it is committed, prevented, detected, and resolved. This 4th edition of the text includes a chapter on frauds perpetrated against organizations by individuals outside their staff—a growing threat for many entities as commerce increasingly crosses technological and geographical borders.

Gain a strong understanding of the accounting information systems and related technologies you'll use in your business career with Hall's leading *ACCOUNTING INFORMATION SYSTEMS, 9E*. You'll find a unique emphasis on ethics, fraud, and the modern manufacturing environment. The book focuses on the needs and responsibilities of accountants as end users of systems, systems designers, and auditors. This text completely integrates Sarbanes-Oxley as it affects internal controls and other relevant topics. In this new edition, with thorough updates of the transaction cycle and business processes coverage, you examine the risks and advantages of cloud computing and gain a better understanding of the differences in the manual and automated accounting system needs of small and large companies. Most small business owners learn early on that it's much cheaper to do their own books (alone or with the assistance of a bookkeeper or accounting clerk) and have them reviewed by an accountant than to have a CPA on staff. With a steady supply of entrepreneurs opening new businesses, there's a real need for a one-stop accounting reference busy owners, bookkeepers, and accounting clerks can use to access the specific information they need quickly and accurately. Accounting at Your Fingertips, Second Edition, helps readers pinpoint the precise information they need on any accounting topic without wasting time. Divided into concise but complete bites that are easy to find and easy to understand, Accounting at Your Fingertips, Second Edition, covers all topics related to the monthly accounting process. Based on the notion that time is the scarcest commodity of all, this book is organized to allow readers the shortest path to the information they need, including: - Organization and proper accounting procedures. - Creating a chart of accounts and balance sheet accounts. - Posting accounts to the general ledger. - Reporting assets and expenses. - Handling receivables, payroll, and cost of goods and services. - Posting salaries, wages, and payroll taxes. - End-of-month accounting tasks and procedures. - Producing balance sheets, profit and loss statements, and end-of-year payroll reports. Closing the books at the end of the year.
