This selection of papers from the ITI's landmark First International Colloquium on Literary Translation includes provocative perspectives on the teaching, research and status of literary education in universities. By way of introduction Peter Bush looks at strategies for raising the profile of the theory and practice of literary translation, its professionalisation and role in the development of national and international cultures. Nicholas Round and Edwin Gentzler explore undergraduate teaching of translation in the UK and the US while Douglas Robinson gives a Woody Allenish frame to an experience of pedagogy. Susan Bassnett sets out an overview of the development of research in Translation Studies that is complemented by case studies of translations of Shakespeare's Letter-Puns by Dirk Delabastita and of Molly Bloom's Soliloquy by Maria Angeles Code Parrilla. Kirsten Malmkjær and Masako Taira respectively review translating Hans Christian Andersen and the Japanese particle *ne* as examples of the relationship between linguistics and literary translation. Ian Craig examines the impact of censorship on the translation

of children's fiction in Francoist Spain. Developing the international perspective, Else Vieira considers paradigms for translation in Latin America from concretist poetics to post-modernism.

This biography offers a fresh understanding of the life and work of Spanish composer Manuel de Falla (1876-1946), recognized as the greatest composer in the Spanish cultural renaissance that extended from the latter part of the 19th century until the outbreak of the Spanish Civil War in 1936. The biography incorporates recent research on Falla, draws on untapped sources in the Falla archives, reevaluates Falla's work in terms of current issues in musicology, and considers Falla's accomplishments in their historical and cultural contexts.

This book seeks to re-vision the life and work of the Peruvian poet, César Vallejo (1892–1938). It consists of ten essays grouped into three complementary sections on Politics, Poetics and Affect. In Part I, William Rowe draws out the latent layers of political meaning in Vallejo's 'pre-political' work, *Trilce*; Adam Feinstein weighs the evidence for and against the case that there was a rift between the two most important Latin American poets of the twentieth century (Vallejo and Pablo Neruda); and David Bellis compares and contrasts Vallejo's Spanish Civil War poetry with that composed by Neruda and the Cuban poet Nicolás Guillén. In Part II, Dominic Moran provides a line-by-line dissection

of Vallejo's favourite poem of his early period, 'El palco estrecho'; Adam Sharman offers a close reading of Poem XXIII of Trilce; Paloma Yannakakis looks at the role played by the human body in Vallejo's poetics; while Michelle Clayton reviews the ways in which animals are represented in Vallejo's poetry. In Part III, Santi Zegarra discusses the influence that Vallejo's poetry has had on his film-making; Eduardo González Viaña reveals how he re-created Vallejo's experience of imprisonment in his novel *Vallejo en los infiernos*; while Stephen Hart compares and contrasts the two main muses of Vallejo's early poetry, his niece (Otilia Vallejo Gamboa) and the woman he met in Lima (Otilia Villanueva Pajares).

En líneas generales se verá que las motivaciones que inducen a escritores africanos, unidos a la tradición oral, son diferentes de aquellas que alientan a los autores europeos, más comprometidos con la obra literaria, que a su vez difiere de la búsqueda en la que se centran los latinoamericanos, que por su parte son distintas de las razones de los autores comprometidos con la realidad política y social de los países que les haya tocado vivir o de los que hayan tenido que emigrar. Junto al porqué de su voluntad de escribir, los autores desvelan aquí detalles sobre su proceso creador, los lugares donde prefieren escribir, sus inicios con la literaturas, sus fracasos, el origen de alguna de sus obras o los trabajos que no llegaron a publicarse. La historia se remonta al París surrealista de 1919. Unos señores se reúnen habitualmente a hablar de literatura y del encargo de textos. Un cliente les pregunta curioso: «¿Y ustedes por qué escriben?». Pregunta ¿naif? ¿curiosa? ¿atrevida? Los señores son los directores de la revista Littérature. No responden, pero remiten la pregunta a más de 100 escritores, fundamentalmente franceses, y obtienen más de 65 respuestas. En 1985 el periódico francés Liberation dirige de nuevo la misma a más de 400 escritores de

los cinco continentes. Este libro se basa fundamentalmente en las respuestas de los escritores que divulgó el periódico Liberation, ampliada con aportaciones de otros escritores recogidas en diferentes revistas y publicaciones, hasta formar este atlas de literatura contemporánea. An anthology of Spanish women writers from the fifteenth through the nineteenth century. Water Lilies brings to light a rich & until now, largely invisible version of Spanish literary history. These hard-to-find works, most translated for the first time, are printed on facing pages in Spanish & English & are located within a critical, biographical & historical overview. This book explores the issue of politeness phenomena and socially appropriate behavior in two societies, Mexico and the United States, in three different contexts: refusing invitations, requests, and suggestions. In addition to a state-of-the-art review of the speech act of refusals in numerous languages, the book provides a rigorous analysis of data collection methods utilized to examine speech act behavior at the production and perception levels. Many examples of native speaker interactions illustrate the similarities and differences observed in the realization patterns and the perception of refusals by Mexicans and Americans in formal and informal situations. The data are analyzed in terms of refusal sequences and pragmatic strategies which are strategically used to carry out relational work

during the negotiation of face. The results of the quantitative and qualitative analyses are interpreted in light of the notions of face, politeness, and relational work in Mexico and the United States. "Mi Vida...en uniforme" in English means "My Life  
...in uniform" and is a sequel to my first book titled  
"Mi Calle, Mi Barrio, Mi Pueblo" which again  
translated to English means "My Street, My  
Neighborhood, My Town". Each one of those books  
narrates a distinct phase of my life with all the  
anecdotes, persons, and situations that formed me  
as a person. Mi Vida starts where Mi Calle ends and  
walks the reader while having a conversation, as  
good friends do, through my life as a college student  
and then as a United States Army Officer for twenty  
one years which included a war, Viet Nam, and a  
series of very challenging and most of them  
rewarding tours of duty around the world. Those  
years were not easy but they gave me a profound  
insight into life and those instances, some very happy  
and some very sad, are the ones that I wish to share  
with the reader. Take this walk with me and please  
feel free to join in the conversation. Un abrazo, Luis.

in the late fifteenth and sixteenth centuries, and as the horizons of imperial experience grew more distant, strategies designed to convey the act of witnessing came to be a key source of textual authority. From the *relación* to the captivity narrative, the Hispanic imperial project relied heavily on the first-person authority of genres whose authenticity undergirded the ideological armature of national consolidation, expansion, and conquest. At the same time, increasing pressures for religious conformity in Spain, as across Europe, required subjects to bare themselves before external authorities in intimate confessions of their faith. Emerging from this charged context, the unreliable voice of the *pícaro* poses a rhetorical challenge to the authority of the witness, destabilizing the possibility of trustworthy representation precisely because of his or her intimate involvement in the narrative. In *Knowing Fictions*, Barbara Fuchs seeks at once to rethink the category of the picaresque while firmly centering it once more in the early modern Hispanic world from which it emerged. Venturing beyond the traditional picaresque canon, Fuchs traces Mediterranean itineraries of diaspora, captivity, and imperial rivalry in a corpus of texts that employ picaresque conventions to contest narrative authority. By engaging the picaresque not just as a genre with more or less strictly defined boundaries, but as a set of literary strategies that interrogate the mechanisms of truth-telling itself, Fuchs shows how self-consciously fictional picaresque texts effectively encouraged readers to adopt a critical stance toward the truth claims implicit in the forms of authoritative discourse proliferating in Imperial Spain.

¿Es la vida compleja o somos nosotros quienes la complicamos? Richard Gerver en este su tercer libro: Simple Thinking, hace caer en la cuenta al lector sobre la innata facilidad de las personas para complicar lo sencillo. Nos abre los ojos ante la compleja realidad de vida; una realidad que podría hacerse más sencilla si llegáramos a desarrollar lo que él llama un pensamiento simple. Gerver muestra comportamientos para despejar y ordenar la mente y ayudarnos así a liberar el verdadero potencial de cada persona. Argumenta sabiamente: el éxito no es complicado. Nos invita a aprender de los más pequeños, para los que todo es posible. Con esta obra aprenderemos a apreciar en ellos, y desarrollar en nosotros mismos, la capacidad de vivir y actuar con resiliencia, autenticidad y pasión; de creer en nosotros mismos, sin importar lo que otros piensen; de renovar nuestros pensamientos, comportamientos y acciones; de dejar atrás las cadenas que nos impiden alcanzar nuestras metas. En definitiva, un libro sencillo para simplificar nuestra vida y así alcanzar el éxito y la felicidad. Un texto hecho de sentido común, el cual resulta ser a menudo el menos común de los sentidos.

European religious drama adapted for an Aztec audience Don Bartolomé de Alva was a mestizo who rose within New Spain's ecclesiastical hierarchy when people of indigenous heritage were routinely excluded from the priesthood. In 1640 and 1641 he translated several theatrical pieces from Spanish into

Nahuatl, yet this prodigious accomplishment remained virtually unknown for centuries. Nahuatl Theater, Volume 3 presents for the first time in English the complete dramatic works of Alva, the only known plays from Spain's Golden Age adapted into the lively world of Nahuatl-language theater. Alva's translations—"The Great Theater of the World," "The Animal Prophet and the Fortunate Patricide," "The Mother of the Best," and a farcical intermezzo—represent ambitious attempts to add complex, Baroque dramatic pieces by such literary giants as Lope de Vega and Pedro Calderón de la Barca to the repertory of Nahuatl theater, otherwise dominated by sober one-act religious plays grounded in medieval tradition. The Spanish sources and Alva's Nahuatl, set on facing pages with their English translations, show how Alva "Mexicanized" the plays by incorporating Nahuatl linguistic conventions and referencing local symbolism and social life. In their introductory essays, the editors offer contextual and interpretive information that provides an entrée into this rich material. As the only known adaptations of these theatrical works into a Native American language, these plays stand as fine literature in their own right.

"The study concludes with a rereading of Teillier's poetry itself. Stojkov's analyses depend upon a sense of the subject's constituting consciousness and the ability of the reader to participate in it.

Through the approach proposed here, she arrives at a method not only for reading Teillier's poetry, but also for evaluating its unique significance within both the national and international contexts."--BOOK JACKET.

Por ser la más pequeña de los Rivera, Rosie estuvo rodeada de amor incondicional, apoyo y afecto, y no había nada que su familia no habría hecho por ella, en particular su hermana Jenni, quien, para Rosie, era lo más importante en el mundo. Con una fuerte voluntad y principios sólidos, Rosie estaba lista para conquistar el mundo. Sin embargo, su vida daría un vuelco drástico cuando Rosie fue marcada por el abuso sexual del que fue objeto dentro de su familia a una muy temprana edad. Viviendo con miedo y oprimida por secretos dolorosos, estuvo agobiada por amenazas constantes, confusión y dolor. No sólo le fue arrebatada su infancia, sino también su confianza y su autoestima. Sintiéndose completamente hecha pedazos y perdida, Rosie se hundió en un mundo de hábitos destructivos y en una profunda depresión. Por primera vez y con inquebrantable franqueza y valentía, Rosie comparte los traumáticos detalles de los abusos que sufrió, de su lucha diaria para salir adelante y de cómo gracias al cariño de su familia encontró, una vez más, el amor. Pero aún así, poco después la vida de Rosie sería duramente impactada otra vez cuando fue sacudida por la peor tragedia que podría haber

imaginado y su más mayor miedo se hizo realidad: la muerte de su amada hermana. En la misma medida desgarradora y edificante, la historia de Rosie constituye un testimonio verídico sobre la superación de la adversidad y una muestra de que a pesar de vivir los peores momentos posibles y sin importar cuántos retos se presenten en la vida, es siempre posible sobreponerse a las desgracias y encontrar la fuerza y la voluntad necesarias para soñar y vivir nuevamente. Pensando Ulloa es la colección de experiencias llevadas a la escritura de quienes intentamos dar cuenta de la aventura de pensar Ulloa sin traicionar ni la aventura, ni el pensamiento. ¿Cómo hacerlo? Debatir, acordar, ¿escribir? Conversamos mucho sobre la posibilidad o imposibilidad de transmitir el efecto Ulloa. Apostamos a la posibilidad. Fueron convocados quienes sabíamos habían trabajado con él en algunos de los diversos campos en que Ulloa se implicó. Cada uno produjo, a su más leal sentir y callar, las páginas que mejor lo representan. El denominador común que une los trabajos es el reconocimiento del terapeuta al paciente, del profesor al alumno, del consultor al grupo, del individuo a la sociedad. Participaron en este homenaje: Osvaldo Saidón, Carlos Altschul, Sergio Rodríguez, Gustavo Lipovetzky, Beatriz Taber, Ana María Fernández, Victoria Martínez, Hugo Ruda,
