

# Robert Kiyosaki If You Want To Be Rich And Happy

When the generation known as 'Baby Boomers' begin to retire and cash in on their plans, there's a chance that this drain on reserves could cause a major devaluation in people's savings. This book offers a plan to help you prepare for the worst, offering alternative investments.

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds

are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

The international best-selling author of Rich Dad Poor Dad, shows readers how to understand the past so that they can shape their financial future and use the Information Age tools and insights to their financial advantage and to create fresh start. Original. 80,000 first printing.

Argues that current education systems undermine children's potential and produce adults who are professionally and financially crippled. Author draws on his own experience as an entrepreneur and a teacher of high-speed teaching methods for business. First published in the US by The Excellerated Learning Institute (1992).

Reveals how to actually speed up and maximize the return on investments to achieve total financial independence.

Kiyosaki shows how to reverse the effects of negative programming one receives in school, replacing them with new habits that will set individuals and their children up for financial and emotional success. "Robert Kiyosaki's work in education is powerful, profound, and life-changing."--Anthony Robbins, author of "Unlimited Power" and "Awaken the Giant Within."

Feel overwhelmed by your thoughts? Struggling with finding your true purpose in life? Or do you want to

My parents believed in job security, company pensions, Social Security, and Medicare. These are all worn-out, obsolete ideas left over from an age gone by. Today job security is a joke, and the very idea of lifetime employment with a single company-an ideal so proudly championed by IBM in its heyday-is as anachronistic as a manual typewriter. Robert Kiyosaki Many thought their 401(k) retirement plans were safe. Hey, they were backed by blue-chip stocks and mutual funds, what could go wrong? As it turned out, everything could go wrong. The reason these once-sacred cows no longer give any milk is that they are all obsolete: pensions, job security, retirement security-it's all Industrial- Age thinking. We're in the Information Age now, and we need to use Information- Age thinking. Robert Kiyosaki "Instead of walking away with a solid financial education, most kids leave school- some already deeply in debt - prepared only to work hard, save money, get out of debt, invest for the long term and diversify." Robert Kiyosaki "Financial security is more important than job security. E's and S's get punished for making mistakes, or they lose their job. B's and I's get richer from their mistakes because

## Bookmark File PDF Robert Kiyosaki If You Want To Be Rich And Happy

they learn from their mistakes." Robert Kiyosaki "Taxes. The harder you work for money, the more you will pay in taxes, right?" Robert Kiyosaki "The rules have changed. In 1971 the U.S. dollar stopped being money and it... It became a currency. It became debt." Robert Kiyosaki "The way you increase your means is to acquire more assets-not houses or cars-but assets. The reason so many people struggle financially is that they have no financial education. They may be a good doctor or lawyer or accountant or rock star, but if they don't know the difference between assets and liabilities and they keep buying liabilities instead of assets." Robert Kiyosaki "Our real estate that we own is all basically financed with our tenants, so that's what I consider to be good debt. So when we get real estate, we get proper leverage, and it's paid by all the residents who live in all of our projects." Robert Kiyosaki "Go to a bank and the banker will sell you mutual funds. But ask them if they will loan you money to buy those mutual funds, and the answer is no. But if we go in and say we want to buy real estate, they'll ask us how much we want." Robert Kiyosaki "The only way for you to have a genuinely secure future is for you to take control of that future." Robert Kiyosaki "An asset is something that puts money in my pocket. A liability is something that takes money out of my pocket. That's really all you need to know. If you want to be rich or get out of the

## Bookmark File PDF Robert Kiyosaki If You Want To Be Rich And Happy

rat race, simply spend your life buying assets. If you want to be poor or middle class, spend your life buying liabilities. "Robert Kiyosaki "Who is going to get richer in the long run? Someone who works all their lives trying to save a million dollars? Or someone who knows how to borrow a million dollars at 10 percent interest and also knows how to invest it and receive a 25 percent per year return on that borrowed million dollars?" Robert Kiyosaki "Who would you have to be and what would you have to know in order to call your banker and say, 'I want to borrow a million dollars.' Then have the banker say, 'I will have the papers ready for you to sign in twenty minutes.'" Robert Kiyosaki "The most important work in the world of money is cash flow. The second most important word is leverage. " Robert Kiyosaki "If you want to be rich, you need to know the differences between good debt and bad debt; good expenses and bad expenses; good income and bad income; and good liabilities and bad liabilities. Simply put, good debt is debt that puts money in your pocket every month, and bad debt is debt that takes money from your pocket every month." Robert Kiyosaki This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

winning an argument, or wooing an individual, to establishing a business. For teenagers, success could mean persuading their parents to let them purchase a gadget or go to their friend's place for a sleepover. A kid will feel successful if he/she manages to impress his/her parents with his/her homework or winning an electronic game. Therefore, every success in life has a particular meaning, purpose, and context. Because success has many subtle nuances and connotations, many people are finding it difficult to define it or understand what the true meaning of success is. Understanding the meaning of success as taught by Robert Kiyosaki can lead you to pursuing your dreams.

Why cutting up your credit cards won't make you rich  
A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no

debt. Rich Dad's Guide to Becoming Rich \* Are you in credit card debt? \* Is job security dead? \* Is your financial security threatened? \* Is a high-paying job the answer? \* Is your money working for you? \* Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller Rich Dad Poor Dad -- the #1 Personal Finance book of all time -- and in Why the Rich Are Getting Richer, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying

From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

Discusses the importance of financial education and offers advice on how to use a knowledge of different types of investment to secure and maximize wealth.

For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly understand the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular Rich Dad Poor Dad series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In **INCREASE YOUR FINANCIAL IQ**, Kiyosaki provides real insights on these key steps to wealth:

- o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future.
- o How to protect your money -- for better or for worse, taxes are a way of life. Kiyosaki shows you that "it's not what you make....it's what you keep."
- o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can.
- o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step.
- o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you

In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his poor dad,' and the father of his best friend, the man who became his mentor and his rich dad.' One man was well educated and an employee all his life, the other's education was street smarts" over traditional classroom education and he took the path of entrepreneurship a road that led him to become one of the wealthiest men in Hawaii. Robert's poor dad struggled financially all his life, and these two dads these very different points of view of money, investing, and employment shaped Robert's thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education and the path to financial freedom. Rich Dad Poor Dad (and the Rich Dad series it spawned) has sold over 36 million copies in English and translated editions around the world. Rich Dad Poor Dad will explode the myth that you need to earn a high income to become rich challenge the belief that your house is an asset show parents why they can't rely on the school system to teach their kids about money define, once and for all, an asset and a liability explain the difference between good debt and bad debt teach you to see the world of money from different perspectives discuss the shift in mindset that can put you on the road to financial freedom

without apology and not complain when things don't go well." -- Jim Rohn "If you depend on your company to take care of your retirement, your future income will be divided by five. Take care of it yourself, and you can multiply your future income by five." -- Jim Rohn "There is no better opportunity to receive more than to be thankful for what you already have" -- Jim Rohn "Days are expensive. When you spend a day you have one less day to spend. So make sure you spend each one wisely." -- Jim Rohn

Robert Kiyosaki was destined born to Ralph H Kiyosaki in Hilo, Hawaii. He had a Japanese American parentage. His dad was an educator and teacher by calling, which empowered the youthful Kiyosaki to go to better instructive establishments. He accomplished his starter training from Hilo High School, after which he was selected at the U.S. Vendor Marine Academy in New York, moving on from equivalent to a deck official in 1969.
