

## Tao Of Charlie Munger A Compilation Of Quotes From Berkshire Hathaways Vice Chairman On Life Business And The Pursuit Of Wealth With Commentary By David Clark

For the first time the complete financial history of Berkshire Hathaway is available under one cover in chronological format. Beginning at the origins of the predecessor companies in the textile industry, the reader can examine the development of the modern-day conglomerate year-by-year and decade-by-decade, watching as the struggling textile company morphs into what it has become today. This comprehensive analysis distils over 10,000 pages of research material, including Buffett's Chairman's letters, Berkshire Hathaway annual reports and SEC filings, annual meeting transcripts, subsidiary financials, and more. The analysis of each year is supplemented with Buffett's own commentary where relevant, and examines all important acquisitions, investments, and other capital allocation decisions. The appendices contain balance sheets, income statements, statements of cash flows, and key ratios dating back to the 1930s, materials brought together for the first time. The structure of the book allows the new student to follow the logic, reasoning, and capital allocation decisions made by Warren Buffett and Charlie Munger from the very beginning. Existing Berkshire shareholders and long-time observers will find new information and refreshing analysis, and a convenient reference guide to the decades of financial moves that built the modern-day respected enterprise that is Berkshire Hathaway.

Accelerate your journey to financial freedom with the tools, strategies, and mindset of money mastery. Regardless of your stage of life and your current financial picture, the quest for financial freedom can indeed be conquered. The journey will demand the right tools and strategies along with the mindset of money mastery. With decades of collective wisdom and hands-on experience, your guides for this expedition are Peter Mallouk, the only man in history to be ranked the #1 Financial Advisor in the U.S. for three consecutive years by Barron's (2013, 2014, 2015), and Tony Robbins, the world-renowned life and business strategist. Mallouk and Robbins take the seemingly daunting goal of financial freedom and simplify it into a step-by-step process that anyone can achieve. The pages of this book are filled with real-life success stories and vital lessons, such as... • Why the future is better than you think and why there is no greater time in history to be an investor • How to chart your personally tailored course for financial security • How markets behave and how to achieve peace of mind during volatility • What the financial services industry doesn't want you to know • How to select a financial advisor that puts your interests first • How to navigate, select, or reject the many types of investments available • Success without fulfillment is the ultimate failure! Financial freedom is not only about money—it's about feeling deeply fulfilled in your own personal journey "Want an eye-opening guide to money management—one that tells it like it is and will make you laugh along the way? Peter Mallouk's tour of the financial world is a tour de force that'll change the way you think about money." —Jonathan Clements, Former Columnist for The Wall Street Journal "Robbins is the best economic moderator that I've ever worked with. His mission to bring insights from the world's greatest financial minds to the average investor is truly inspiring." —Alan Greenspan, Former Federal Reserve Chairman "Tony is a force of nature." —Jack Bogle, Founder of Vanguard The shareholder letters of corporate leaders are a rich source of business and investing wisdom. There is no more authoritative resource on subjects ranging from leadership and management to capital allocation and company culture. But with thousands of shareholder letters written every year, how can investors and students of the corporate world sift this vast swathe to unearth the best insights? Dear Shareholder is the solution! In this masterly new collection, Lawrence A. Cunningham, business expert and acclaimed editor of The Essays of Warren Buffett, presents the finest writers in the genre of the shareholder letter, and the most significant excerpts from their total output. Skillfully curated, edited and arranged, these letters showcase the ultimate in business and investment knowledge from an all-star team. Dear Shareholder holds letters by more than 20 different leaders from 16 companies. These leaders include Warren Buffett (Berkshire Hathaway), Tom Gayner (Markel), Kay Graham and Don Graham (The Washington Post and Graham Holdings), Roberto Goizueta (Coca-Cola), Ginni Rometty (IBM), and Prem Watsa (Fairfax). Topics covered in these letters include the long-term focus, corporate culture and commitment to values, capital allocation, buybacks, dividends, acquisitions, management, business strategy, and executive compensation. As we survey the corporate landscape in search of outstanding companies run by first-rate managers, shareholder letters are a valuable resource. The letters also contain a wealth of knowledge on the core topics of effective business management. Let Dear Shareholder be your guide.

Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of The Warren Buffett Way gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor – just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it—and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. \* Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man \* Use Buffett's proven method of investing in stocks that will continue to grow over time \* Master the straightforward mathematical equipments that assist Buffett in making investments \* Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett

companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

"The Four Filters Invention of Warren Buffett and Charlie Munger" examines each of the steps they perform in framing and making an investment decision. The author believes that Buffett and Munger expanded the field of "Behavioral Finance" by using this thoughtful and effective process. The genius of Buffett and Munger's four filters process was to capture all the important stakeholders in their decision making. Imagine... Products, Enduring Customers, Managers, and Margin-of-Safety... all in one mixed "qual + quant" formula. This second edition contains additional examples in this amazing process. This edition also contains the author's look into their 1988 valuation of Coca-Cola. Each chapter has additional specific examples. The author also discusses additional insights he has learned in the past five years since the first edition was released.

Principles of Charlie Munger : Quotations from the Altruistic Business Icon of an Era Charlie Munger was a businessman with considerable passion to get rich. He used for decades to run one of the most successful companies in the world. The great man teaches you the investment approach and ideas about life. The great investor was Berkshire Hathaway's visionary vice chairman and Warren Buffet's financial partner. His approach "elementary, worldly wisdom" involves economics, business, psychology, ethics, and management allows his emotions out of his investments. The book concludes the essential steps of Munger investing strategy. His straight forward approach of investment believes any investor can do the same. His words cultivate mental models for investments. The book includes the short life history of Charlie Munger and his famous quotes.

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like The Tao of Warren Buffett and The Tao of Te Ching, The Tao of Charlie Munger is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

This book identifies and accounts for the characteristics of the contemporary city and of urban society. It analyzes the distribution and growth of settlements and explores the social and behavioral characteristics of urban living. The latest theoretical and empirical developments and insights are synthesized and presented in an accessible and engaging way. This second edition has been extensively updated and referenced. Each chapter includes sets of learning objectives, annotated readings and topics for discussion. Well-illustrated throughout, it will be essential reading for students of geography, sociology and development studies and all who seek an understanding of how the urban world has evolved and how it will change in the twenty-first century.

They were young, brilliant, and bold. They set out to conquer the world. But the world had other plans for them. Bestselling author Susan Jane Gilman's new memoir is a hilarious and harrowing journey, a modern heart of darkness filled with Communist operatives, backpackers, and pancakes. In 1986, fresh out of college, Gilman and her friend Claire yearned to do something daring and original that did not involve getting a job. Inspired by a place mat at the International House of Pancakes, they decided to embark on an ambitious trip around the globe, starting in the People's Republic of China. At that point, China had been open to independent travelers for roughly ten minutes. Armed only with the collected works of Nietzsche, an astrological love guide, and an arsenal of bravado, the two friends plunged into the dusty streets of Shanghai. Unsurprisingly, they quickly found themselves in over their heads. As they ventured off the map deep into Chinese territory, they were stripped of everything familiar and forced to confront their limitations amid culture shock and government surveillance. What began as a journey full of humor, eroticism, and enlightenment grew increasingly sinister-becoming a real-life international thriller that transformed them forever. Undress Me in the Temple of Heaven is a flat-out page-turner, an astonishing true story of hubris and redemption told with Gilman's trademark compassion, lyricism, and wit.

Every year, thousands upon thousands of people make the pilgrimage to the Berkshire Hathaway annual shareholders meeting to hear the wisdom of one of the smartest men in the business-Charlie Munger. Find out what he has to say!Charlie Munger is one of the most successful businessmen in the world. He is worth more than a billion dollars and has spent his career not only honing his own business decision-making abilities but also teaching others to do the same. Now, all of his wisdom and insight into wealth management is collected in one place.Author Oxana Dubrovina wants to give you a crash course in Munger's life-changing philosophy. This success self-help guide and motivational biography will put you on the road to a bright financial future by using Munger, as well as other inspirational leaders like Benjamin Franklin, Lee Kuan Yew, and even Jesus Christ, to illustrate important messages about how to live a good, honest, and successful life.

Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett Warren Buffett and the Art of the Stock Arbitrageis the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's special brand of arbitrage investing,which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another companyary Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

Deep insight and candid discussion from one of Wall Street's best investors Common Stocks and Common Sense provides detailed insight into common stock investing, using a case-study approach based on real-world investments. Author Edgar Wachenheim is the 28-year CEO of Greenhaven Associates, boasting an average annual portfolio comparable to Warren Buffet's. In this book, he shares his knowledge and experiences by providing detailed analyses of actual investments made by himself and other investors. The discussion covers the entire investment process, including the softer, human side, with candid insight into the joys and frustrations, intensities and pressures, and risks and uncertainties. The unique emphasis on behavioral economics and real-world cases set this book apart from the herd—but it's Wachenheim himself and his deeply-examined perspective that elevates the book beyond a mere investing guide. Between 1990 and 2014, a typical portfolio managed by Wachenheim enjoyed an average annual return in excess of 18%, achieved using relatively conservative stocks and no financial leverage. As a proponent of evidence and example, his analysis of real cases serve as a valuable education for anyone looking to improve their own investment practices. Understand investment through the lens of a Wall Street leader Dig into the details of real-world common stock investing Learn how to invest creatively and minimize risk Go beyond theory to study strategy on a case-by-case basis Investment principles and strategies are easy to find—entire libraries have been written about theories and methods and what 'should' happen. But this book goes beyond the typical guide to show you how these ideas are applied in the real world—and what actually happened. Investors seeking real insight, real expertise, and a proven track record will find Common Stocks and Common Sense a uniquely useful resource.

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. The Great Mental Models: General Thinking Concepts is the first book in The Great Mental Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..." –Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." –Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room "Pure Genius! This is a game changer in investment books..." –Robert P. Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, "The Genius of Warren Buffett" "Effervescence and thoughtful analysis of Buffett's life and work..." –Tom Gayner, Co-chief Executive Officer, Markel Corporation "Hagstrom's books always enable readers to think about the world in new ways..." –Tren Griffin, author, Charlie Munger: The Complete Investor

Praise for Damn Right! From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful."-TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, The Little Book of Common Sense Investing "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, The Warren Buffett Way, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com

Charlie Munger es vicepresidente de Berkshire Hathaway, presidente de Daily Journal Corporation y socio comercial de Warren Buffett desde hace casi cuarenta años. A día de hoy, su fortuna personal supera los dos mil millones de dólares. En este libro, al igual que ya hizo en El tao de Warren Buffett, David Clark reúne una colección de pensamientos y citas de uno de los inversores más exitosos de Estados Unidos. Esta colección, extraída de entrevistas, discursos y preguntas y respuestas de las reuniones anuales de Berkshire Hathaway y Wesco, ofrece información sobre el asombroso éxito financiero y la filosofía de vida de Munger. Lleno de consejos útiles para aprender a invertir y entender cómo funciona la economía, El tao de Charlie Munger es una guía esencial que ayudará a sus lectores, ya sean profesionales o aficionados, a triunfar en las finanzas y en la vida.

Using the letters Warren Buffett wrote to his partners between 1956 and 1970, a veteran financial advisor presents the renowned guru's "ground rules" for investing—guidelines that remain startlingly relevant today. In the fourteen years between his time in New York with value-investing guru Benjamin Graham and his start as chairman of Berkshire Hathaway, Warren Buffett managed Buffett Partnership Limited, his first professional investing partnership. Over the course of that time—a period in which he experienced an unprecedented record of success—Buffett wrote semiannual letters to his small but growing group of partners, sharing his thoughts, approaches, and reflections. Compiled for the first time and with Buffett's permission, the letters spotlight his contrarian diversification strategy, his almost religious celebration of compounding interest, his preference for conservative rather than conventional decision making, and his goal and tactics for bettering market results by at least 10% annually. Demonstrating Buffett's intellectual rigor, they provide a framework to the craft of investing that had not existed before: Buffett built upon the quantitative contributions made by his famous teacher, Benjamin Graham, demonstrating how they could be applied and improved. Jeremy Miller reveals how these letters offer us a rare look into Buffett's mind and offer accessible lessons in control and discipline—effective in bull and bear markets alike, and in all types of investing climates—that are the bedrock of his success. Warren Buffett's Ground Rules paints a portrait of the sage as a young investor during a time when he developed the long-term value-oriented strategy that helped him build the foundation of his wealth—rules for success every investor needs today.

Everyone's work day is filled with them--people who frustrate, impede, maneuver, undermine, plot, connive, and whine. This top communications consultant details specific techniques for handling all of them. Easy-to-follow scenarios for every situation are featured in this handy guide.

There are several ways that you can contribute your cash when you are attempting to spare and plan for your future, and two well-known strategies that individuals use to do this are by placing cash into bank accounts or else putting resources into gold. Savings accounts have been around since the main banks were open, and gold has been an item that has been high in worth for so many years. So how would you know which decision is the more secure and more gainful venture to make for your own fund needs? The answer will be gold. This entire book is based upon Gold Investment and covers the following topics: Introduction to gold investment Advantages and disadvantages of the investment 5 best ways to make gold investment More about gold investment These further comprise of subtopics which would surely guide you a lot, so without wasting any time, read through it!

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic. In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market—tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In BUFFETOLOGY, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, THE BUFFETTOLOGY WORKBOOK offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettology and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

Published in 1997, the bestselling BUFFETOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time

again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century—an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy—a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces—and shows how it is a reflection of his inner self.

Arlington began three centuries ago as the farm section of Alexandria County and emerged in the 1900s as a vibrant suburb of the nation's capital. Global notice came after the creation and expansion of Arlington National Cemetery, the Pentagon and Fort Myer, site of history's first airplane casualty--September 17, 1908. Add in some modern marquee employers--PBS, WETA, Nestlé, the Foreign Service Institute and Amazon--and it's a recipe for accelerating change. Unsurprisingly, residents are increasingly at odds over rising housing costs and demolitions of long-valued homes and businesses. A key to preserving Arlington's character is a deeper knowledge of history. Local journalist and author Charlie Clark provides a compendium of gone-but-not-forgotten institutions, businesses, homes and amusements.

As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world's greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn't been a truly accessible, easy-to-understand resource available to help them. The Little Book of Investing Like the Pros was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

Praise for BUFFETT'S TIPS "John Longo and his son, Tyler, have performed a valuable service, taking the wisdom of Warren Buffett (the supply of which is ample) and distilling from it 100 'tips,' with the authors' own explanatory text, to guide the reader from financial ignorance to a degree of financial literacy. Along the way, there are useful lessons for life in general. If you have a friend, child, or parent who needs a pathway to a better understanding of some financial fundamentals, get this book for them—it'll go a long way to bringing them up to speed." —Simon Lorne, Vice Chairman and Chief Legal Officer, Millennium Management LLC; former Partner, Munger, Tolles & Olson "Priceless. 100 investment and life tips from the Oracle—a great read for the beginning investor." —S. Basu Mullick, retired Portfolio Manager and Managing Director, Neuberger Berman; former General Partner, Omega Advisors; noted value investor; former "Marketwatch Fund Manager of the Year" "John Longo has a well-earned reputation for excellence in teaching at the University level. Working with his son Tyler, John now extends his passion for education out of the classroom and across generations with this guidebook to the essential tools for financial proficiency." —Gregory P. Francfort, noted value investor; former Institutional Investor "All-Star Analyst" "John and his son have written an invaluable guide steeped in the wisdom of Warren Buffett. Marrying sound financial advice with general life lessons, Buffett's Tips provides a solid foundation for advancing financial literacy across a broad multi-generational audience." —Joshua Rosenbaum, Joshua Pearl, Joseph Gasparro, co-authors, The Little Book of Investing Like the Pros and Investment Banking: Valuation, LBOs, M&A, and IPOs

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Following in the tradition of the TAO TE CHING, that ancient Chinese classic text on human nature, and more popular interpretations like the bestselling THE TAO OF POOH,

wisdom from the iconic cartoon figure, THE TAO OF WARREN BUFFETT is a compendium of quotes from one of the world's favourite businessmen. Buffett's investment strategies and life philosophies are revealed in this easy-to-read collection of sayings, some of which have never been heard before. The perfect gift for everyone on your list: from serious investors to over-spenders, Warren Buffett can teach everyone a few secrets of success.

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

"A compendium of pithy quotes culled from interviews, speeches, the Daily journal, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offering insights into Munger's remarkable financial success and life philosophies"--Front jacket flap.
