Compares Native American and early colonial politics, history, and religion, providing an explanation of how these two groups influenced each other and how this interchange helped shape the foundation for modern culture.

Perhaps it is not true that there will always be war.

Perhaps, one day, humanity will succeed in taming its savage nature so that peace for all humanity will not be merely a pious hope but a concrete reality.

Perhaps, on day, we will all be angels. But until then, there will be war^{3/4}and humanity, being what it is, will always form graven images to give life to its greatest hopes and fears. Because our modern age is "scientific" does not make us immune to this reality.

And those images will always take on a life their own. And, lo, there was TEK. He is the latest in a long tradition of militant deities. But before this god can take his rightful place at the head of the pantheon, he has to survive the not-so-low-tech efforts of jealous older gods to destroy him.

Featuring stories by Mike Resnick, Jody Lynn Nye, Katherine Kurtz, Diane Duane, and other great military SF storytellers. At the publisher's request, this title is sold without DRM (Digital Rights Management).

THE ROAD HOME Bahzell Bahnakson of the Horse Stealer hradani never wanted to be a champion of the War God. Unfortunately, Tomandk had insisted. Even more unfortunately, Bahzell's own sense of

responsibility hadn't let him say, "No." Which was how he found himself in the Empire of the Axe, where even people who didn't actively hate hradani regarded them with suspicion and fear. Of course, that was only the start of his problems. Next, there was the Order of Tomanak, many of whom were horrified by the notion that their deity had chosen a hradani as a champion . . . and intended to do something about it. And assuming he survived that, he had to go home-across three hundred leagues of bitter winter snow-to face a Dark God who threatened to destroy all hradani. Throw in the odd demon and brigand ambush, and add a powerful neighboring kingdom with no intention of letting Bahzell (or anyone else) save his people, and you have the makings of a really bad day. But one thing Bahzell has learned: a champion of Tomanak does what needs doing. And the people in his way had better move. New York Times Bestseller The final volume of the magisterial Pacific War Trilogy from acclaimed historian Ian W. Toll, "one of the great storytellers of War" (Evan Thomas).

A flash flood in the Arizona desert brings Nastas, a lone Navajo brave, into the national spotlight. His heroic efforts to save a young girl trapped in the melee leave him wounded, and Spirits lead him to an oasis cultivated by Keane, a white-man-turned-shaman whose place in the Navajo tribe is becoming increasingly important. Meanwhile, Keane's brother, Archer, encounters a series of mysterious figures and events in Ireland, where he is spending a semester at Trinity College. Both brothers are unaware that they are inextricably linked as the reincarnated Little War Gods of Navajo legend, and that dark forces in a rogue Christian sect (led by the fundamentalist seductress, Sibella) and the Navajo Spirit world are determined to harness the Gods for their own ends. Each player is eventually led to Black Rock - the sacred point of contact between the old world and the new - where both sides are confronted with a third, terrifying force. In a step beyond the typical "good versus evil" construct, Little Red War Gods explores the more potent conflict between "good versus good"; when both sides of a holy war are fighting in the name of their own gods, who will resort to evil ends in order to champion

In the beginning God created woman in His own like image, blessed her to go out to be fruitful and multiply, to replenish the earth, subdue it, and have dominion over everything on it, Genesis 1: 27-28. God's Own: The Genesis of Mathematical Story-Telling is about the creativity of God (The Absolute Infinite) as He is reflected in women. It is about the power of The Absolute Infinite to perform signs and wonders reflected in mathematical symbols, patterns, numbers, and graphs. It is a book on His word according to John 1:1, in the beginning was the word, the word was with God, and the word was God. God's Own: The Genesis of Mathematical Story-Telling is a mathematical, cultural, and spiritual story of Dr. Nkechi (God's own) Madonna Adeleine Agwu, aka Nma (Beautiful) Jacob. Dr. Agwu is an African female leader in mathematics and statistics education. Her life trajectory includes experiences of displacement, homelessness, living in refugee camps, single-parenting of a child with hearing and speech needs, and many other issues that from all indications could have set her up for failure, but for God's divine intervention. God's Own: The Genesis of Mathematical Story-Telling is about

Dr. Agwu's journey as an ethno-mathematician to her present scholarship in African culture and women's stories in science, technology, engineering, and mathematics (STEM) related fields. It is about how she found her identity as a mathematical story-teller of members of the Organization of Nigerian Women in Agricultural Research and Development (NiWARD). It is a story about the beauty, strength, courage, and nurturing spirit of women. In this era of globalization, African people face the urgent need to foster world-wide education about their mathematics, science, technology, history and culture (Gerdes, 1998). All groups of people have made significant contributions to the development of mathematics. However, the contributions of Africans other than those related to the early beginnings of algebra and geometry in ancient Egypt, are still highly unacknowledged in the history of mathematics (Lumpkin, 1997). This is partly due to our oral traditions, slavery, colonialism, neo-colonialism, globalization, and the fact that our indigenous mathematics, scientific and technological knowledge as a people is often shrouded in our spirituality. This notwithstanding, efforts must be made to document the mathematical contributions of Africans to enrich the curriculum in a multicultural and interdisciplinary way by providing a wide repertoire of examples of mathematical concepts illustrated from the African context. *God's Own: The Genesis of Mathematical Story-Telling* does this. In particular, it highlights the indigenous mathematical knowledge and cultural beauty of the Ndebele people of Southern Africa. *God's Own: The Genesis of Mathematical Story-Telling*

Friede Taylor has lived a life that legends spring from. Born in Czechoslovakia during WWII, she was left to die as a child because of the deprivations of the war. A nurse took her family into her home and saved Friede's life by giving her transfusions of her own blood. A member of the dreaded Waffen-SS and a prisoner of war, Friede's father took his own life after the war, having never told her he loved her. She married a serviceman and moved to Georgia at 19. Following the suicide of her oldest son, she had an "open-heaven" experience that assured her that God would provide for and protect her. She was widowed after 30 years. God continued to move in Friede's life, eventually leading her to marry Jack Taylor after a brief courtship. She now travels and ministers with her husband around the world. This is Friede's first book and it chronicles a life of purpose protected by God. Read Friede's story to be inspired to thrive, not just survive. God has a plan for you. This is the stuff heroes are made of. The acclaimed author of the Thomas Covenant Chronicles launches a powerful new trilogy about a prince's desperate quest for a sorcerous library to save his people. Fire. Wind. Pestilence. Earthquake. Drought. Lightning. These are the six Decimates, wielded by sorcerers for both good and evil. But a seventh Decimate exists—the most devastating one of all... For centuries, the realms of Belleger and Amika have been at war, with sorcerers from both sides harnessing the Decimates to rain blood and pain upon their enemy. Miracles happen today. Do you want to increase your faith? Read about miracles. True stories of God's faithfulness, love, and power are woven together with art, poetry and scripture into a tapestry made of the colors of the rainbow that demonstrate the many aspects of faith. A woman finds herself in a car accident on a lonely Nevada highway gazing at her two daughters sprawled on the road. She screams in terror for help. Someone places a white gold cross in the palm of her hand. This changes everything. "A White Gold Cross," one of the true stories found in "Faith Colors, Encounters with God in Living Faith," explores the power of faith in God to transform the outcome of a terrible crisis. This story is found in the section called White Faith, the kind of

faith that strengthens the inner heart to persevere. A son prays in earnest while the emergency team from the fire station try to revive his father. After the paramedics give up and permission is granted to stop CPR, the father miraculously begins to breathe on his own. But will he survive long enough to take care of his unfinished business? This story is found under Blue Faith, the kind of faith that looks up from a dark pit to find hope. These testimonies and others, including some of the author's own experiences, are grouped into the colors of the rainbow to highlight important aspects of faith. Poems and prophetic art, intensifying the impact of the messages, are found throughout the book. Each color section concludes with a prayer to draw the reader's heart closer to God. Scriptures and colorful prophetic pictures featured in this book highlight significant attributes of faith that are bound to spark hope in God and His promises found in the Bible. A planet plagued with tumult from outsiders and divided by its own religious dichotomy could face extinction if their faiths are not united and an unholy artifact is destroyed. Safiro, the God of Death, and Sanguina, the Goddess of Life, created two heroes (Vytametas) -- mirror twins separated at birth yet destined to meet in a place where the future of their world will be decided by their powers. The only people who know not the ultimate purpose of the legendary Vytametas are the young heroes

themselves. While the teenage Vytametas learn of their world and of their mission, they will be turned against each other by the two faiths they are meant to save: the demented Safiric Brotherhood and the shady Sanguinic Sisterhood.

MAKE YOURSELF AT HOME IN GOD'S HEART:

After 7 years of volunteering to serve the men, women, and children at a very popular outreach center in Atlanta, GA, I stumbled upon an amazing personal discovery. I came to the humble realization that homelessness is not simply a state of physical destitution. But homelessness is also a place of spiritual and emotional emptiness. It is very true that some live in a perpetual state of misfortune and need the relationship, the challenge, and the encouragement of others to "dare to hope" that their circumstances are only temporary. Many undoubtedly need financial relief to end their state of homelessness. Yet, each of us, whether well off or destitute, can attest to the fact that at one point or another we have felt abandoned and displaced. While serving as an outreach leader, I found a new family. I discovered though I had a physical dwelling, I too was in an emotional state of homelessness. While serving the homeless, I struggled to conquer my own issues with abandonment. I found myself desperately attempting to place the pieces of my own life in a recognizable order. And it was while serving that I found an extension of God's family that

are far too often overlooked, disqualified, and misunderstood. Each month I would show up with a fresh sermon in hand-ready to inspire and motivate those whom "I thought" were in need of encouragement. But each time, I left with the discovery that I needed it more than any of them. I arrived ready to inspire, but left all the more inspired myself. HOPE FOR THE SOUL is inspired by the men, women, and children seeking love, purpose, and a reason to believe that a better experience of life exists. In this book, you too will discover that there is a secret place in God's heart to find all the rest, affirmation, and love you have been longing for. HOPE FOR THE SOUL is guaranteed to strengthen your ability to: *Speak life to every dead dream *Pursue your God-given power *Declare freedom from past failures *Perform at maximum capacity in His strength *Trust God and His promises to build a better life!!

Armchair Fiction presents classic science fiction double novels. The first novel is "Sons of the Deluge" by Nelson S. Bond. With Mexican security hot on their trail, Duke Callion and Joey Cox sought refuge in an obscure Yucatan peninsula town. There they were rescued by a mysterious man who offered his own abode as their hideout. But Callion and Cox were bewildered by their new friend's fantastic tale. he claimed to be a member of the Atlantean race--a race extinct for thousands of years, wiped out by a

titanic flood. Quelchal had been exiled in time, 12,000 years into the future! But it was his grand plan to return to the past and somehow warn his people of the impending disaster; to somehow save them from the wall of water that would destroy the entire Atlantean culture. Using his incredible time ship, and with Callion and Cox by his side, the trio embarked on a daring and deadly adventure, traveling back to the age of Atlantean splendor--to warn a civilization, before it was too late... The second novel is by lauded sci-fi author Raymond Z. Gallun, "Dawn of the Demi-gods." Eons before man set foot into outer space there had been a great war. A war between Mars and Planet X. The conflict came to a bloody end with the destruction of all life on Mars and the obliteration of Planet X, which was reduced to rubble and became the asteroid belt. But centuries later strange things began to happen on Jupiter's moon, Ganymede. There came a report of the discovery of a cache of tools in a chest that was of almost microscopic dimensions. In finding it, several men were afflicted with dizziness. One had died. It soon became clear that the hand of an alien race was responsible--an alien race of almost unfathomable smallness. And soon, as unheralded as ghosts, but as significant as a new dawn of history, there came to Earth from distant Ganymede's glowing crescent--three micro-robots, minuscule beings, carrying the treasure of

immortality.

A triumph of the imagination, rich in incident and beautiful in its detail, Cloudsplitter brings to life one of history's legendary figures--John Brown, whose passion to abolish slavery lit the fires of the American Civil War in a conflagration that changed civilization.

This is not just a book just to be READ - it is a book to be SAID! "Death and life are in the power of the tongue, and they who indulge in it shall eat the fruit of it [for death or life]." Proverbs 18:21 If I could hand you a key that is guaranteed to change your life and circumstances; a principle that places the supernatural power of God on tap for every situation in your life and ministry, would you want to know what it is? Sometimes people shroud the simplicity of the gospel in a mess of religious rhetoric and theological confusion. Thankfully the Scriptures make plain and simple how we are to engage with God and receive and release His transforming power consistently in our everyday lives. In this practical Spirit-filled series of books, pastor and Bible teacher, David Lee Martin, unpacks the amazing truth concerning the power of the words that you speak, and shows clearly how you can apply this truth to change your world, and the world of those around you. This Edition: COLOSSIANS The book of Colossians is a book of putting off the old, and putting on the new. The truths you are about to

declare will uproot all that hinders you in your walk with God and with others, and firmly establish your present and true identity in Christ. Take the words on the following pages, salt them with your own thanksgiving, and let God's love and grace touch the very depths of your being. The Benefits of Applying the Word As with several of my other books, this one is intended to be applied. It's words and message are impotent if they are not vigorously acted upon. The 'His Word My Word' series of books take eternal truth and shape it for application right here and now! This series of books will train your tongue by planting the Word in your heart, and harnessing your testimony (the confession of your mouth) with the law of liberty - the perfect Word of our Father. Just a few the benefits you can expect as you act on what you read, and become a doer of the work include: -It renews the mind, building into your consciousness and expectation new truths to live by. -It moulds your vocabulary, harnessing your tongue to speak only those things God (and you) desire for your life. -It conforms your thoughts and words to His thoughts and Words. -It gives expression to the mind of Christ in any and all situations. -It raises our perspective from earthly to heavenly, from below circumstances to above them. -It banishes wrong thinking and emotions, replacing them with God's own thoughts - our emotions will always follow our thinking, and our thinking will follow the deposit in our heart, and the

words of our mouths. -It gives you an actionable principle you can apply to combat any adversity you face with confidence. -It establishes Godly boundaries in your life. -It overcomes the devil's plans and purposes because you are never in agreement with him, and they cannot be established. -It develops new pictures of ourselves, ones that are shaped by God's unchanging love for us. -It equips us with the necessary weapons for the Holy Spirit to bring to our remembrance what is needed to overcome, any time our mind, body or spirit come under attack. -It brings every thought into captivity and conformity to Christ, resulting in increased spiritual authority in the spirit realm and in relationships and ministry. -It is health to our flesh and strength to our bones. There are many more wonderful benefits that flow from disciplining ourselves to speak the Word only, but I am sure that you already you agree, any investment we need to make putting this into practice is far outweighed by the promised returns. It is truly life changing, and a spiritual principle that will stand the test of time and every challenge that is thrown at it.

Journeying to the Sothoi Wind Plain as a representative of the War God, Bahzell is selected to become the first hradani windrider in history, an honor that brings as much resentment as respect and a situation that is complicated by the plots of the goddess Shigu, the Queen of Hell, and her

supporters and the romantic overtures of Baron Tellian's daughter.

Barbarian Bahzell, originally an outsider to so-called civilization, has become the first hradani wind rider in history—a position that confers elite status within the territories of the powerful Sothoii. But certain very powerful and very nasty sorts are not at all happy about Bahzells' new status, and resentment stirs. Deadly resentment. To complicate matters even further, Baron Tellian's daughter, the heir to the realm, is convinced that Bahzell is the only man—or hradani—for her.
