Vocabulary building exercises and cross word puzzles. A worktext designed to develop vocabulary skills for twelfth graders.

It begins in 1876 with our male protagonist fighting the demons of his war years with the Union Army. Today, we would call it post-traumatic stress disorder (PTSD). His position in the Union Army was sharpshooter. There were many, many killings. The haunts visit Roy at least once a month. We meet our female protagonist early in the story. Abigail and Roy begin their relationship early on as a working partnership. The story continues through four generations. The clan reaches twenty-four ages infant to Roy's late sixties. The last part of the story is about Sammy and his work—shooting photos and writing script for an Eastern magazine. His assignments are the National Parks and National Monuments of the West. Pretty much ends with Sammy and his wife, Deloris, and son, Roy Jr. returning to the ranch. Completing another circle is this continuing story of *Be without End*. It is fall of 1929, and stock market crash hits the USA. But our clan is self-sufficient and weathers the lean years without much of a ripple in their lifestyle; providing their own produce from the huge garden, beef and pork from their own herd, eggs, cream and cheese, and honey from the hives. A testament to extended family and sustainability; hard work and a creed handed down by Abigail and Roy.

Her story reflects the experiences common to many Indian communities in Latin America today. Rigoberta suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechist work as an expression of political revolt as well as religious commitment. The anthropologist Elisabeth Burgos-Debray, herself a Latin American woman, conducted a series of interviews with Rigoberta Menchu. The result is a book unique in contemporary literature which records the detail of everyday Indian life. Rigoberta's gift for striking expression vividly conveys both the religious and superstitious beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.

From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century, Joanna Stratton has created a collection hailed by Newsweek as “uncommonly interesting” and “a remarkable distillation of primary sources.” Never before has there been such a detailed record of women’s courage, such a living portrait of the women who civilized the American frontier. Here are their stories: wilderness mothers, schoolmarms, Indian squaws, immigrants, homesteaders, and circuit riders. Their personal recollections of prairie fires, locust plagues, cowboy shootouts, Indian raids, and blizzards on the plains vividly reveal the drama, danger and excitement of the pioneer experience. These were women of relentless determination, whose tenacity helped them to conquer loneliness and privation. Their work was the work of survival, it demanded as much from them as from their men—and at last that partnership has been recognized. “These voices are haunting” (The New York Times Book Review), and they reveal the special heroism and industriousness of pioneer women as never before.
